

Large Timber Deal in Eastern Oregon.

D. C. Pelton, formerly of Cheboygan, Mich., and now of the firm of Pelton, Armstrong & Co., of Portland, has purchased a three-fourths interest in the lumber and timber properties of John R. Cook, in Siskiyou county, California, says the Ashland Tidings.

Mr. Pelton says he purchased the interest on a basis of \$500,000, which makes this one of the largest timber transactions that have occurred for some time.

Mr. Pelton has been engaged in the lumber business for many years, and comes from Michigan, where he still retains an interest as a member of the firm of Pelton, Reed & Co.

A Chicago man has observed that "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it."

Put a Ten Penny Nail Through His Hand

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed."

WE INTEREST ROYALTY.

Dowager Queen of Italy Would See Americans at Home.

Since the United States became a recognized world power a desire has sprung up among European royalty to see us as we appear at home. Now it is announced that the dowager queen Margherita of Italy is soon to pay a visit to America.

Another reason given for the queen's desire to visit the United States is the

strong regard in which she has always held American women, whose beauty, frankness and self possession have appealed to her strongly. She desires to see them at home. It is not generally known that an American woman, Mrs. March, assisted largely in the education of Queen Margherita.

EASY TO FIND

When you find a medicine that makes your regular food taste good, when you find a medicine that strengthens a weak stomach—then you know you're going to put some flesh on.

Scott's Emulsion does these things. We recommend it whenever the system needs more flesh. If you are thin and able to eat begin regular doses. That's your part. Scott's Emulsion will do the rest. Not flabby—but solid flesh.

We'll send you a little to try, if you like. SCOTT & BROWN, 429 Pearl Street, New York.

SWINE BREEDING

"What is the best feed for pigs after being weaned?" Ground oats and corn in equal parts, to which add a little bran and middlings, says National Stockman.

"Do you feed the oats with the hulls?" Some claimed they took the oats as it came from the machine and had it ground as fine as possible. Others asserted taking the oats as it is usually ground has a tendency to produce irritation of the throat, producing a hacking cough.

"What is the best ingredient to mix with separator milk?" Bran and middlings. Even at the present high prices for these two articles it does pay to feed them.

"Does it pay to buy buttermilk at 1 cent per gallon?" It does if you can get a genuine article and live convenient to the creamery. Genuine buttermilk is preferable to skim milk.

"Does it pay during winter to warm and cook feeds?" If we have a warm place to keep the pigs, it does. Rye in combination with oats and bran makes a rich hog feed.
