

Four Papers for Silver Lake.

Many a foolish moth is allured to its death by the flame of a tallow candle and its counterpart may be seen in the flock of alleged newspaper men who are now headed for Silver Lake, where they propose to start papers in hopes of getting a share of timber land notices for publication, says the Deschute Echo. There are Holder of the Review, Balley of the Journal, and two other concerns whose plants are now in Shaniko, all headed for that newspaper man's Mecca, Silver Lake. The Echo is indifferent in the matter, and has only to remark that it took nine months for it to secure recognition from The Dalles land office at a point where there was some excuse for a newspaper outside of the timber business. There may be some excuse for one paper at Silver Lake but there is none for half a dozen. In the lingo of the poet, "Go in lemons, and get squeezed." When you are recognized by the land Department you will be accorded recognition by the Echo.

Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness. "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with congestion of the uterus and female weakness for five years," writes Mrs. Robt. Kerwin, of Albert, Hastings Co., Ont. "Was so weak and nervous I could hardly do any work. Had severe pain in back, also dizziness and pain in head. My heart would beat so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his 'Golden Medical Discovery' I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."
Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.
