President Roosevelt after a few weeks exclusiveness in Yellowstone Park, stopped in St. Louis the other day long enough to dedicate the great fair, and is now hurrying to the coast as fast as the people along the line will let him.

Major Chrisman, formerly president of the old Lakeview Bank, accompanied by his wife returned to Lakeview last week after an absence of two years in California. They were on their way to Silver Lake on a visit to their son Francis Chrisman.

We have actually been having some genuine summer weather the past few days, and it is making vegetation fairly jump out of the ground. Grass and grain are growing rapidly; trees are leaving out, and some fruit trees are in blossom in Lakeview.

One case of small pox is reported to exist at Silver Lake, and this man, when discovered, was immediately put in a pest house. The people there think there is no danger of its spreading and they are taking every precaution to keep it confined to the one case.

The Medford "Success," which began publication at Medford, six months ago, by Chas. Meserve, announced in its issue last week, that it would be discontinued. The cause given by the publisher for his course is that the paper "is out of its element here in Medford."

While P. G. Chrisman and wife were enroute to Silver Lake, last Saturday and were within about a mile of Paisley Mr. Chrisman was thrown out of the stage, and he sustained injuries that at the time were thought to be serious, but since then it is learned that, while he is severely hurt there is nothing serious.

Since the smallpox scare at Prineville and a case at Silver Lake, great precautions are being taken to confine the dread disease where it is. It is thought there is no danger of its spreading, as people have been very cautious from going where it is. Having your arm scratched and raising a small scab is in vogue in Lakeview again.

Light & Harrow, the genial proprietors of Hotel Lakeview, have the everlasting thanks of The Examiner for favors extended to the hungry printers. The entire force joins in wishing that your Light may ever shine on the dark ink spots of the printer's devil, and may you Harrow contentment in the souls of your boarders in the future as you have in the past.

Mark Musgrave last week gave an option for the sale of the Hot Spring property to J. O. Storey and J. L. Van Warner for one year. The price asked for the property is \$8,000, and these gentlemen, who are from the east and have been buying timber land in this county for an eastern syndicate, expect to sell this property to eastern people. Mr. Musgrave will continue to conduct the bath house until a sale is made.

Two young men who have been residents of Lakeview for about two months past, and who have become quite popular with the young men of the town, were given an oyster supper Monday night, as they had previously announced their intention of returning to their homes first of the week. Frank Wallace who has been working for Baker & Hamilton, lives at Williams, Cal., and Bert Withrow, son of County Clerk Withrow of Klamath Falls, left for their homes Tuesday. The young men who entertained them were: Frank Musgrave, Jack Coffman, Walter Nysewaner, Tom Burson, Harvey Colvin, Jesse Fisher, Harry McGrath, Virgil Aerial.

J. L. Morrow accompanied by W. H. Cooper, came over from Warner yesterday. Mr. Morrow returned last week from Washington where he went to consult with the attorneys for the settlers in the Warner land suits. While the recent decision of Secretary Hitchcock was a hard blow to the settlers, Mr. Morrow says none of the settlers have moved out of the valley yet; an indication that they have hopes of winning yet.

T. F. Dunaway, general superintendent of the Nevada, California and Oregon is in Europe trying to buy one hundred and fifty miles of rails for extension of the road northward next year. It is understood Madeline is to be a division run from Reno and that the road will go northward next year. It is understood Madeline is to be a division run from Reno and that the road will go north next year with a possible branch from Likely to Canby for timber purposes.—Adin Argus.

The Point Richmond Daily Record says: Mr. G. A. Follert celebrated the anniversary of his birth yesterday, (April 28). We do not know which particular anniversary it was nor does that really matter for the purposes of this item. Our purpose is to tell about a pleasant surprise party given in his honor last night by his wife and the friends and neighbors at the family home in Richmond tract. Shortly after dark they gathered in on him to the number of about twenty and proceeded to have the time of their lives with music, games, social conversation, the whole ending up with a great big banquet.

According to the Circuit Court docket, the last term of court was adjourned until the first Monday in May, two weeks in advance of the regular term. The fact was probably overlooked by Judge Benson of Klamath Falls, and consequently there was no court. However, it was just as well there was none, as the threatening outlook of smallpox in the north part of the county, caused County Judge Daly and District Attorney Conn to write and ask Judge Benson to postpone Circuit Court indefinitely, as there are no urgent cases to come up. Therefore, it is expected that there will be no May term of Circuit Court.

## To Examiner Patrons.

As the estate of J. E. McGarrey, deceased, is being closed up by the Administrator, Harry Bailey, it is absolutely necessary that all outstanding accounts due the Lake County Examiner, must be paid in full up to May 5th, 1903, and at once. This is imperative, and all those knowing themselves indebted to said estate should send in their amounts without delay. Statements will be mailed to every delinquent on the books of The Examiner, so when you receive it act at once.

## Died at Silver Lake.

John Holland, the man who came to Silver Lake from Shaniko broken out with smallpox last week, died at that place of the dread disease yesterday morning. Dr. Witham pronounced him a hopeless case when he first saw him.

Mr. Holland came from Deadwood, North Dakota to look at some timber and was stricken down before he had seen any timber. He was an Odd Fellow, and his home lodge has been notified.

## J. E. BERNARD &amp; SON.

Lakeview, January, 8th, 1903.

Dear Friends:—

We come to you again with this personal request for your trade.  
You want goods—we want business. Your purpose is to buy goods right.  
Our purpose is to sell you goods right. It also stands to reason that we  
are going to make our prices as low as consistent with good business  
judgement, in order to interest you, and, as the largest dealers in Lake-  
view in our line, we can not be undersold on an equal class of goods. The  
reasons are many and obvious. First, we buy mostly direct from factory;  
we buy in large quantities, ship in car lots, and in every way save you all  
the money possible.

Yours respectfully,

J. E. BERNARD &amp; SON.
