

Lakeview Teacher Closes Manila School

The Manila Times of March 20th announced the closing of a successful term of the Paeo Boy's School. That paper says:

"The scholars in this school range in age from 5 to 14 years and number 120, and for two hours or more they rendered recitations, songs and choruses singly, in groups and en masse, in the English language without a hitch or a breakdown. Several youngsters of 5 or 6 years who had been studying but one year, recited unflinchingly familiar patriotic poems and acted pantomimes illustrating the remarkable doings of the children of Mother Goose, to the music of their fellow-schoolers' singing. Their drills were also given with promptness and precision. The school-house was prettily decorated with flowers and palms.

The school is under the direction of Mrs. M. Hopkins Gale, assisted by Messrs Simplicio Manuel, Doroteo de Leon, Domingo Rodriguez, Marcelano S. Mateo and Candido Panganiban. Mrs. Gale was one of the first of the teachers to come to the islands, in response to the much discussed cablegram of Governor Taft, and since her arrival here has not asked for or received a single day's vacation. This record in view of the progress displayed by her pupils, is certainly one to be proud of.

The distribution of certificates of attendance developed the remarkable fact that of 120 scholars, fully one-quarter had not missed a day by absence for three months.

A considerable number of the parents of the youthful performers were interesting observers and at the conclusion of the exercises, refreshments were served in the school room."

A Farmer Straightend Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cures me.'" For sale by Lee Beall, druggist.

"Dutch Charlie" Poisoned.

The Lakeview correspondent of the Portland Telegram under date of May 1st, says: John Westlake, who has a group of mining claims at Sagehen Mountain, said to carry gold and telluride ores, came in from his camp a few days ago. He reports two attempts to blow up his cabin with dynamite by placing it in the stove. Twice he returned to his cabin after a day's absence, and once found fuel placed ready to light a fire. Not remembering of so placing it before leaving, he removed the fuel and found three sticks of giant powder. A few days later, under similar circumstances, he found five sticks in his stove. He also reports an attempt to poison him, and says a miner employed by him, known as "Dutch Charlie," was killed by poison.

He will bring the matter to the attention of the District Attorney. Mr. Westlake is a highly educated and intelligent Englishman, aged about 60 years, and is said to be a chemist and assayer, and knows the symptoms produced by poisonous drugs.

A lawyer was cross questioning an Irish woman, the point under inquiry being the relative positions of the doors, windows, etc., in which a certain transaction had occurred.

"And, now my good woman," the lawyer said, "will you be good enough to tell the court how the stairs run in your house?"

"How do the stairs run?" the witness replied. "Shure, when I am up stairs they run down, and when I am down stairs they run up."—Ran's Horn.

ITS "HURRY UP" NOW.

IF YOU HAVEN'T WENT IN YOUR GUESS, LITTLE FOLKS, IT IS HIGH TIME YOU ARE DOING IT.

We gave you plenty of time, but it will soon be the 31st of May and after that no more guesses can be accepted. So if you want to try for one of these cash prizes we are offering, you will have to hurry up.

Seventy Dollars is what we are going to give to children in Oregon who furnish the best reasons why this house is able to sell as it does, the very best pianos at much lower prices than any other house on the Coast.

There are just lots of good reasons and many of the children are guessing them. Talk it over with your father. If he cannot help you ask any business man that you know. He will be able to give you some points. Ask them if a house does an immense wholesale business, what sort of freight rates it is able to secure, and what sort of prices it is enabled to make; and if its instruments are shipped without boxing, if that saving in weight is of any advantage, and if the house owns its own warehouse, drays and teams, if that is any advantage. Ask them which is the best, large sales at moderate profits or small sales at great profits—whether it is better to have a few or a great many people find out that your pianos are thoroughly high-grade and reliable and its prices very moderate.

Then make your own conclusions and sit down and write what they are. The contest is going to be a big one, and much larger than we thought it would. Guesses are coming in from all over the State and it is a great pleasure for us to learn how many people, even the little folks, are familiar with and appreciate what we have done in supplying high-grade instruments at low prices. You do not want to miss the opportunity of showing how bright you can be and of getting a prize, too. Here is a list of the prizes. They are worth trying for.

- For the best letter \$25.00
For the next best letter 20.00
For the third best letter 10.00
For the fourth best 5.00
For the next ten best letters 1.00

All children 16 years old and younger are allowed to guess. No letter with later postmark than May 31st will be accepted.

HANDICAPPED.

The man who started to run a race in chains and fetters would be visibly handicapped. No one would expect him to succeed. The man who runs the race of life when his digestive and nutritive organs are diseased is equally handicapped. In the one case his strength is over-weighted, in the other it is under-weighted. Success demands above all else a sound stomach.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition.

\$3,000 FORFEIT will be paid by WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes James H. Ambrose, Esq., of 126 1/2 Mifflin Street, Huntington, Pa. "I was taken with what our physicians here said was indigestion. I doctored with the best around here and found no relief. I wrote to you and you sent me a question blank to fill out, and I did so, and you then advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped, being cured. I have no symptoms of gastric trouble or indigestion now."

Dr. Pierce's Common Sense Medical Adviser, sent free on receipt of stamps to cover expense of mailing only. Twenty-one one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. K. V. Pierce, Buffalo, N. Y.

A Good Fish Story.

"Senator William P. Frye is an ardent lover of the sport of fishing. Once, after his return from his summer's outing," says the Saturday Evening Post, "he met the celebrated naturalist, Agassiz. Glowing Senator Frye described his experiences. 'Among my triumphs,' said he, 'was the capture of a speckled trout that weighed fully eight pounds.'

Dr. Agassiz smiled and said, 'Reserve that for the credulous and convivial circles of rod and reel celebrants, but spare the feelings of a sober scientist.'

"This is not a campaign whopper I'm telling; I weighed that trout carefully, and it was an eight-pounder!"

"My dear Mr. Frye," remonstrated Dr. Agassiz, 'permit me to inform you that the Salvelinus frontinalis never attains the extraordinary weight of eight pounds. The creature you caught could not have been a speckled trout. All the authorities on ichthyology would disprove your claim.'

"All I can say to that," said Senator Frye, 'is that there are, then, bigger fish in Maine than are dreamed of in your science.'

"The next season he caught a speckled trout that weighed nine pounds. He packed it in ice, and sent it to Dr. Agassiz. A few days later he received a telegram, which read:

"The science of a lifetime kicked to death by a fact.—Agassiz."

Too Great a Risk.

In almost every neighborhood someone has died from an attack of colic or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. Reames & Jennings, of The Brick Store, have recently put on a delivery wagon. They take orders and deliver goods free of charge. Klamath Falls now has two free delivery wagons, the firm of Schollock & Daggett having been running one for over two years. Besides these, there is a city express wagon, run by D. E. Risedorf and a draying and transfer service, conducted by S. Chappel.—Express.

Mr. Joseph Pomihville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. It troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box by Lee Beall, druggist.

The large windmill belonging to J. E. Raker was put upon its tower by E. G. Scammon and J. A. Yater last Saturday. This mill is the highest in town, as is located on an 80-foot steel tower. It is located near the river, and will be used to pump water into the large tank which is soon to be constructed on the lot of E. G. Scammon above town.—New Era.
