Judge Benson called the adjourned term of Circuit Court Thursday morning at 10 o'clock. In looking over the court docket the Judge found that an error had been made where it stated that the November term could adjourn until the first Monday in May, and the docket was corrected to read Thursday, May 14th. It had been originally intended to adjourn until the 1st Monday on account of taking testimony in a Silver Lake water suit, but that was attended to last fall, so it was not necessary to hold Court so early. No one is disappointed, as very little business is to come up before the court.
