It is now believed that instead of death resulting from natural causes, George Modoc, a young Indian, found dead two weeks ago near Yainax, was murdered, says the Klamath Express. Some friend or relative of Williams it is likely, committed the deed. An arrest of one of the reservation Indians charged with the crime, has been made.

The Wastes of the Body.
Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissue and protects the health and strength of the mind and body. Kodol cures indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Beall's Drug Store.
