

Additional Local

Mr. and Mrs. Florence went to Madelene on Monday; from there Mrs. Florence will go to her old home at Guerneville, Cal., on a visit.

Dr. A. A. Witham, of Paisley, came down last Friday to meet his brother and wife, who have just arrived from old England. They went to Paisley Saturday.

The best boy worker in Lakeview is Will Brantlaecht, the 13-year-old son of Louie Brantlaecht. The boy has taken the contract to dig a ditch from the brewery to the Bullard Creek flume. He does a man's work with pick and shovel, and receives \$2.00 per day for it.

For sale, 3000 head of stock sheep, all under 5 years old, including 1100 lambs,—3000 in all. Will sell cheap. First class sheep for breeding, or for mutton; will average about 8lbs for wool. Stock fat, in very good condition. Apply to A. E. MACKINTOSH, Paulina, Crook Co., Ore. 29-3m

A heavy wind storm, suggestive of a Kansas cyclone, struck Lakeview last Saturday, and every thing movable was carried out onto the desert where they will be picked up next winter by the sheepmen. Mrs. Myrtle's windmill was blown down and numerous trees were damaged. A trace of rain followed, and thus ended the blow.

Walter Dyer received a letter this week from Andy Devine who is at San Francisco, stating that Andy had undergone an operation in a hospital last Sunday, for what was supposed was rheumatism in the right arm. The forearm was cut open in several places and the ligaments torn loose and replaced. He says it is pretty tough but he will have to stand it.

N. S. McKensy, Superintendent of the California and Oregon Telephone and Telegraph Co., arrived here last Monday from his home at Susanville, Cal. Mr. McKensy came up to have the telegraph office at this place fixed up and repapered. The Lake County Telephone Co., who occupy the same office, will put in a new telephone booth. The office will then be equipped in up-to-date style.

Upon his own request the General Land Office has extended for ten days the time in which Max Whittlesey, clerk in the Lakeview Land Office, can file a statement showing why he should not be removed from office. Whittlesey explained that because of the distance he will have to go to reach certain witnesses, the three days allowed him will not be enough. He requested an extension of 15 days.

Frank C. Baker, formerly for eight years, state printer of Oregon, and prominent in political affairs of the state, was elected chairman of the Republican State Central Committee to succeed W. F. Matthews, now U. S. Marshal of Oregon, who tendered his resignation July 1st. The meeting of the state committee at Portland on the 15th, for the purpose of filling the vacancy, was not largely attended, their being no contest for the place.

The Lakeview Water Co., have torn out the old dam in Bullard creek and rebuilt the old road up the canyon so they can haul their new water pipe up and distribute it along the route. The road, which was built in an early day by the soldiers garrisoned at old Camp Warner, has been out of use since 1888. The company are laying a 4 inch pipe from their spring to a point a short distance above the old dam, where they expect to build a cement reservoir, and from there to town they will lay a 6 inch main. From that point there will be 100 feet pressure.

The Klamath Lake Navigation company of Klamath Falls, has filed its articles of incorporation with the Secretary of state at Salem, says the Republican. The capital stock is \$10,000 and the incorporators are S. V. Short, G. H. Woodbury and E. E. Upmyer. The company is preparing to ply gasoline launches on the Klamath lakes, and the boats are expected here within a few days.

Fire on the 14th destroyed property of the Oregon City manufacturing Company valued at between \$75,000 and \$100,000. The loss is covered by insurance. Spontaneous combustion in a carbonizer in the pullery building is given as the origin of the fire, which destroyed the wool room, dye room and boiler room of the woolen mills. The company will immediately replace the burned buildings, but the blaze will necessitate suspension of mill operations for at least three months and the throwing out of employment for that period of about 300 people.

Dr. H. Nelson Jackson, the automobilist who passed through Lakeview the first of last month, reached Omaha on July 12th. He left San Francisco May 27th and lost eighteen days on account of the weather and stopping for repairs. Dr. Jackson is making the trip purely for pleasure, and 300 miles of the distance traveled has been through a country never before crossed by an automobile. He expects to reach Burlington, Vermont August 1st. His experiences thus far have been exciting, and at one time, he and his chauffeur were thirty-six hours without food.

Freighting from Red Bluff.

Again it has been found necessary for the Lakeview merchants to have their freight hauled by team from Red Bluff instead of Madeline. The distance from Madeline, the terminus of the N. C. O. Ry., is 100 miles, and from Red Bluff, 250 miles. The freight instead of being shipped by rail to Red Bluff, is brought up from San Francisco on the Sacramento by boat. The merchants claim they can save 1/2 cent per pound by shipping this way. Some of the merchants claim to have a grievance that might have something to do with the change. It is claimed that teams have gone to Madeline after freight that was greatly needed, but the agent informed the teamsters that it was not there, causing the teamster to load back with any kind of freight he could get. After loading up it was found that the freight he went after was there and could have been loaded just as well as not. The disappointment at not getting the goods made the merchant exceedingly wroth and the consequence is, freight is now being hauled from Red Bluff.

The season for lawful killing of male deer began July 15th, and will continue until November 1. Female deer can be killed from August 15 to November 1. It is unlawful for one person to kill more than five deer during the season.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives away, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissue and protects the health and strength of the mind and body. Kodol cures Indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Beall's Drug Store.

FINAL PROOF.

Land Office at Lakeview, Oregon, July 2, 1903. Notice is hereby given that the following-named settler has filed notice of his intention to make final proof in support of his claim and that said proof will be made before Register and Receiver at Lakeview, Oregon on August 17, 1903, viz: Albert Dent, Hd. 2045 for the SW 1/4, NW 1/4, SE 1/4, SW 1/4, Sec 31 Tp 39 S, R 17 E. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Charles Palmerlee, James Melick, George L. Holbrook and Will Holbrook all of Lakeview Oregon. July 9-27 E. M. BRATTAIN, Register.
