TIMBER LAND NOTICE.

United States Land Office at Lakeview Oregon June 25, 1903.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 8, 1878, entitled "an act for the sale of timber lands in the States of California, Oregon, Nevada, and in Washington Territory" as extended to all the Public Land States by act of August 4, 1892, Mary James, of Lakeview, county of Lake, State of Oregon, has this day filed in this office her sworn statement No. 2210, for the purchase of the NW 1/4 Sec 10 T27 S R 19 E, and will offer a proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish her claim to said land before C. H. Withrow, U. S. Commissioner at Klamath Falls, Oregon on Friday, the 4th day of September, 1903.

She names as witnesses: E. G. Stark, Fred Hinkelman, W. S. Peckard and Floyd Farmer, all of Lakeview, Oregon. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 4th day of September 1903.

July 2-26 E. M. WATTAIN, Register.

Final Report.

United States Land Office, Lakeview, Ore., July 16, 1903. Notice is hereby given that Anna Sherlock of Lakeview, Ore., has filed notice of intention to make proof on her desert-land claim No. 401, for the E 1/2 NW 1/4 Sec. 24 T 30 S R 17 E before the Register and Receiver at Lakeview, Ore., on Friday, the 4th day of September, 1903. She names the following witnesses to prove the complete irrigation and reclamation of said land: James Rodden, Lennis Klippel, Joseph McNew and Thomas H. Sherlock, all of Summit Lake, Ore.

July 16-28 E. M. WATTAIN, Register.

Board of Equalization.

Notice is hereby given that on Monday, the 31st day of August, 1903 from 8 o'clock A. M. to 5 o'clock P. M. of said day, the County Board of Equalization will be in session at the County Clerk's office at Lakeview Oregon, for the purpose of publicly examining the assessment roll for the year 1903, and to correct all errors in valuation, description or qualities of lands, lots or other property; that the sittings of said board will be continued from day to day thereafter until the examination and correction of said assessment roll shall be fully completed; provided, the said examination is completed within the week in which the board is required to meet.

All persons interested are respectfully requested to be present at the sittings of said Board of Equalization, and show cause if any there be, why their assessment for the said year should not be changed or corrected as to the said board may seem just and proper.

32-3t J. B. BLAIR,
Assessor of Lake County, Oregon.

MRS. CECILIA STOWE,
Gratuit, Lakeview N. J. Club.

176 Warren Avenue,
Chicago, Ill., Oct. 22, 1902.

For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt discouraged as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Cecelia Stowe

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.

industries and prosperity.

FIFTH. If the proposed territory is put into a Forest Reserve, or withdrawn from settlement, it will stop the development and advancement of this part of the State. It will prevent capital from being invested here, drive out that already invested here, stop enterprise and business, shut us in from the rest of the world, depreciate the value of our property, making it practically valueless, with no corresponding good or benefit to either the State or Nation.

This matter being of such vital interest to us and so confident are we in the merit and justice of our cause, we respectfully ask that you cause a thorough examination and investigation of these lands and this country to be made by a competent and conscientious man before any final action is taken permanently withdrawing said lands from settlement and placing them in a Forest Reserve.

We also respectfully ask that no final action be taken but that all of said lands be speedily opened to entry and settlement. And your Protestants and Petitioners will ever pray.

CANNON-AMICK.

Married—At the residence of Alvin A. Amick at New Pine Creek, Sunday, August 9th, Mr. H. H. Cannon, of Surprise valley, was married to Miss Eva D. Amick of New Pine Creek. The wedding was a home affair, and only a few were present. Rev. Smythe performed the ceremony. The happy couple were the recipients of many beautiful presents. They will go to Sacramento, where they expect to make their future home. The Examiner extends congratulations.

Broke His Arm.

While Dan Maloy was riding horse back along the road a short distance beyond H. R. Heryford's place north of town, the horse he was riding stumbled and fell with him, and he put his right hand out to catch himself. His arm was wrenched in such a way as to break a bone near the elbow, and dislocate the joint. Dan not thinking his injury was serious, went on after a horse he was riding for, and when the arm was finally attended to it was badly swollen. Dr. Steiner set the broken bone and put Dan's arm in a plaster cast, which will keep him company for some time.

AGAINST RESERVE.

lands have been located and are now practically owned by private parties. In many instances whole townships have been acquired and are now owned. Of the proposed Reserve, the lands above described, at least 75 per cent is entirely without water except as it is supplied by irrigation.

SECOND. Almost the whole of these plains or so called desert lands are suitable lands for agriculture as soon as they are supplied with water and this is true of all the plains and desert lands adjoining. Water can be supplied to nearly all of these lands by irrigation and all of the vast interior of Oregon, east of the Cascades can be opened up for settlement and development. This section of the state is capable of supporting a large and thrifty population.

THIRD. The interior of the State of Oregon should be settled and developed. We ought to have railroads, with all that accompanies them, cities, villages, farms, homes, schools and churches. The resources of the country ought to be developed, and to that end settlement should be encouraged.

FOURTH. We are actual, bona fide residents of the territory embraced in the proposed Forest Reserve. Some of us have resided here since 1872. It has always been our belief that sometime this section of the State would be thickly settled. We have done all we could to develop this country. We have irrigated lands, promoted business and so far as possible brought civilization into the wilds of this State. We own lands and property here, all that many of us have in the world is here. We are anxious that this country should be settled and developed. We want to see the lands taken. If there could be a home on every 320 acres of tillable land it would be better for us, better for the State, better for the country. We want capital to come in and be invested in business here. We want mills, factories, in-
