

OREGON HAS 2159 SCHOOLS

In These 3914 Teachers Were Employed Last Year--Many New School Houses Were Built

Superintendent of Public Instruction J. H. Ackerman has completed the compilation of the school statistics for the year 1903, as taking from the annual reports of the Superintendents of the different counties recently filed. The statement is very exhaustive in its scope, and covers every detail of school statistics.

The total number of persons in the state of school age, between 4 and 20 years of age, for 1903, is given as 143,757, against 138,466, an increase of 5291 for the year. Of the total enrollment, 92,390 are of the primary class; 8885 of the secondary class; 100,064 between 4 and 20 years of age on the register, and 1517 under 6 years of age.

In the state there were 3914 teachers employed during the year, of which number 1153 hold state certificates or diplomas, 929 first grade certificatee, 835 second grade, 444 third grade, 52 primary grade, and 476 permits. Those holding certificates of institute attendance number 2434, and there were 1258 applicants examined for teachers certificates, of which 197 failed, and there were 196 certificatee indorsed during the year.

The table of attendance shows that there were 32,145 persons of school age not attending any school; 4864 between 4 and 20 years of age attending school outside of districts. The whole number of days' attendance for the year was 9,877,189, and the average daily attendance was 64,129, against 66,779 last year.

The miscellaneous statement shows that there are 2143 organized districts in the state, against 2125 last year, an increase of 22 districts, of which total number 47 districts failed to report. There are 2159 school-houses in the state, against 2125 last year, showing 34 buildings to have been constructed throughout the state. The table also shows a total of 96,070 legal voters for school purposes at the time of making the county reports, against 85,146 last year, showing a healthy increase.

The average number of months of school taught during the year was 192, and there were 36 county school institutes held. The library reports show that there are 70,391 library books on hand, of which 15,495 were purchased during the year.

The financial report shows that in all of the counties in the state at the time the reports were made, there was a total of \$383,966.40 cash on hand.

Sick Headach.

"For several years my wife was troubled with what physicians called sick-ache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr Geo. E. Wright of New London, New York. For sale by Lee Beall.

"Not more than three times in the 30 years that I have been in business has a Bible been accepted as collateral for a loan in my establishment," said a pawnbroker whose business is one of the largest of its kind in Philadelphia. "On those few occasions it has been without my sanction—even without my knowledge. It isn't that we don't have many opportunities to advance money on Bibles; it is just that we have an aversion to doing so. Aside from what might be regarded as the sacrilege of such a transaction it always brings bad luck."

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c. 50 ly

The hens of the United States alone during the year 1902 deposited in and around the barns and chicken houses 16,000,000,000 eggs, always taking care to announce each separate deposit with a triumphant cackle. To the end that the same might be recorded. These white pellets brought in the markets fully \$130,000,000, an amount which, combined with the worth of the poultry, \$139,000,000, is nearly double the value of all the precious metals yielded up by the bosom of old Mother Earth during the period named and six times greater than all the wool fleeced from the backs of all the sheep in this country for the same year.

Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use. The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it a favorite wherever its value has become known. For sale by Lee Beall.

WANTED—SEVERAL INDUSTRIOUS PERSONS in each state to travel for house established eleven years and with a large capital, to call upon merchants and agents for successful and profitable line. Permanent engagement. Weekly cash salary of \$18 and all traveling expenses and hotel bills advanced in cash each week. Experience not essential. Mention reference and enclose self-addressed envelope. THE NATIONAL, 354 Dearborn St., Chicago, Ill. 261.

The Journal Official of Paris says in a report of the proceedings of the National Agricultural society that a new means has been discovered of producing alcohol. As a result of experiments made many years ago by Mr. Barthelot in the chemical analysis of alcohol efforts have been made to perfect and simplify the proceedings that he had indicated, and it now appears that chemical alcohol can be made from carbure of calcium and its products acetylene at 9 cents a gallon, the alcohol to be of 100 degrees.

Were in Lakeview, Too.

Some travelers passed through town Monday morning, who attracted no little attention, says the Plaindealer, riding a beautiful cream colored horse and wearing overalls, jumper and spurs, with hair partly hidden by a broad sombrero, a young and rather handsome woman attracted no little attention. She sat her horse as if she were a part of the animal itself. Of course she looked odd, but why should a woman not ride in an easy position, both for herself and horse, as well as a man?

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved.

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not gotten relief," says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after taking three doses of it was entirely cured. I consider it the best remedy in the world for bowel complaints. For sale by Lee Beall.

UNUSUAL BARGAINS

What are They and Where are They Found?

A bargain is a superior article at a price considerably below what is usually asked for it, not a cheaply gotten up affair which sells at a low price.

Investments in the latter never fail to prove unsatisfactory and expensive. What the people want is a good piano, one that will produce full, rich, sweet and lasting tones. It costs something to produce such pianos. It costs something to handle, care for and sell them. If a fine piano can be purchased at a saving of from \$75 to \$200, it is certainly an unusual bargain, and this is the saving which purchasers at our store are assured of at all times.

With an immense business, covering the entire Northwest which is conducted in the most economical and saving manner; shipping in large quantities for four large stores and securing the very lowest factory and freight rates, handling our pianos in harness instead of expensive boxes; using our own drays and teams and having a warehouse of our own to store our pianos in, enables us to make a great saving in handling the pianos we sell. In addition to this, big sales and little profits is our policy.

These items make it easy to see why this store can and does undersell all others, and why it is to the advantage of purchasers to investigate our pianos and prices before buying. If you cannot call at our store, write for catalogs and prices.

Eilers Piano House

the leading piano concern of the Northwest.
