We learn from a valuable source that a prominent firm in Lakeview has offered 1 1/2 cents per pound for some of the new wheat that is now being threshed. This will be good news to Goose Lake farmers, as last year's price was only 1 1/4 cents. What's good for the farmers is good for everybody.

H. F. Tole, who with his family is on his way from Morrow to Jackson County camped at the upper end of Klamath Marsh Thursday night, says the Republican. After supper while attending to his horses, his little 7 year old girl who was with him approached too near one of the animals and was kicked in the head over the left eye, crushing the skull and leaving the brain exposed. A messenger was sent to the Falls and returned with Dr. Maston, who found the skull so badly crushed that pieces of bones had to be removed. The stage was upset and Mrs. Tucker and Miss King who were on the outside seat buckled in, were thrown to the ground, Miss King falling on Mrs. Tucker, who was bruised about the arms and body. Fortunately no serious injury was received by either of the ladies, and our friend Dick, who was on the inside of the coach, being uninjured, was able to assist, so that travel could be resumed in a very short time.

A Missouri editor is said to have gotten off the following: "We live in a land of high mountains and high taxes, low valleys and low wages; big crooked rivers and crooked statements; big lakes, big strikes, big drunks, big pumpkins and big men with pumpkin heads; silver streams that gambol in the mountains, and pious politicians that gamble in the night; roaring catapults and roaring orators; fast young men and girls— faster, fastest; sharp lawyers and sharp financiers; noisy children and fertile plains that belike sheets of water, and thousands of newspapers that lie like thunder."
