LANDS

NO. 29.

TO RECLAIM

12.057 ACRES

PORTLAND IRRIGATION COMPANY TO STORE WATER IN CHEWANNA TO IRRIGATE LAND.

The State Land Board has entered into a contract with the Portland

Irrigation Company, of which Edwin R. Fawcett is president, and C. H. Ball,

secretary, for the reclamation of a tract of 12,057 acres of land in Lake County.

The estimated cost of reclaiming the land is $15,000, to be paid

over a period of 25 years.

The company has agreed to furnish the necessary water

by constructing a number of reservoirs

that will hold the surplus waters of the Chewanna Creek, in the spring. The

water will be conducted to the land in large pipes and distributed in smaller

irrigation ditches.

This contract has been entered into under the terms of the arid land law passed

by the Legislature of 1901, for

the purpose of promoting the provi-

sions of the Canny law, an act by which the federal government gives to the

state, 10,000,000 acres of arid land whenever the state shall have completed

the necessary work. Under the terms of the contract, the Portland Irriga-

tion Company will have the right to use the water on the land at its own cost, and succeed

will return the water through the ditches to the

Lake.
