John Dalton's atomic theory was promulgated 100 years ago, and Manchester, England, recently celebrated the anniversary. The theory has long been exploded but his atomic combining weights are still accepted.

Mrs. Hetty Green never lives long at the same address. This is chiefly because she fears to be annoyed by the "cranks" who want her to invest in hair brained schemes. When she moves she keeps her new hiding place secret from even her closest friends.

Mrs. Ogden Golet of New York is doing what she can to break up the cruel and ugly custom of docking horses' tails by setting the fashion of banging their tails, cutting them short and square on her pair of roan carriage horses.

The character of the award rather than the amount has attracted attention among lawyers gener-

The yearly expenses of the sultan of Turkey have been estimated at \$30,000,000. Of this \$7,200,000 alone is spent on the clothing of the women, and \$400,000 on the sultan's own wardrobe. Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

State Normal School.

The Southern Oregon State Normal School begins this year's work September 16th. A large working library has been added; the physical and chemical laboratory has been fully equipped; a new gymnasium building is being erected, and a large and handsome school building is nearing completion. The school grounds are beautiful and picturesque. The health conditions are of the best; the social environment is pure and stimulating; the course of study has been strengthened and made more practical. The faculty has been increased in numbers and the school is now equipped to do work of the highest order.

This school belongs to Southern Oregon. It desires and merits the patronage of the people of this great section. For catalogue address, BENJAMINE F. MULKEY, President.

Miss Lolita Armour, the daughter of Mr. and Mrs. J. Ogden Armour of Chicago, who was operated upon by Dr. Lorenz, will give further proof of her recovery by taking dancing lessons in the near future. The high shoe, the last appliance for her weak limb, has been set aside, and hereafter she will wear an ordinary shoe.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by Lee Beall.

Dr. William Oswald, professor of chemistry in the University of Leipzig, has made the discovery that light is not needed for the printing of photographs. He produces the required changes in the sensitive paper by the use of negatives treated with a solution of peroxide of hydrogen.

Better Than Pills.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by Lee Beall.

FIXED EXPENSES

Every retail merchant must have a store as well as a stock and pay rent or its equivalent. He must buy heat, light, service, transportation, postage—in fact, a host of things. He cannot get along without them. They are sometimes called the "fixed charges" of the business. But having all these expenses does not bring business.

The one thing needed is publicity—that people should know him and that he has something which they need or want.

If the expenses are 10 per cent without advertising, make them 12 or 14 per cent with advertising and double or quadruple the business.—Men's Outfitter.

You are invited to let the public know what you have for sale through this paper.
