J. T. Beedle and family, old residents of Crooked Creek, left town last Thursday morning for Sanit Barbara, Cal., by private conveyance. Mr. Beedle has been under a physician's care for some time with a severe attack of lung trouble and a change of climate is thought to be his only hope for recovery. Should the climate of Santa Barbara prove beneficial, they will make it permanently.

People from the nearby districts are taking advantage of the several public schools this term and all the available homes in town have been occupied. There is an increasing demand for more and it seems to us that a few neat cottages built for the use of the rising public would be a good proposition for some one who has some money to invest.

King Edward's proclivity as a linguist was strikingly illustrated during his recent visit to Paris. At a private dinner given by M. Loubet, the French president read a very formal speech. The king of England got up immediately after and delivered without a note an admirable speech in French. Everybody was surprised when the master of ceremonies spoke in his own tongue with elaborate preparation and the English sovereign spoke in the tongue of the Frenchman impromptu.

Wild game are found on every continent in the world excepting Australia.

The United States has 7,000 post offices; Germany has 7,622, and Great Britain has 23,000.
