LAKEVIEW, OREGON, OCT. 15, 1903.

President Smith of Trinity college, New Haven, will retire next year as head of the institution and will receive a life pension of \$3000 a year thereafter.

Leon C. Marshall, who has recently been called to the chair of economics in the Ohio Wesleyan university, is probably the youngest man to occupy such a position anywhere. He is now 24 years of age.

The mother of President Loubet of France still manages the farm at La Terrasse, Marsanne, where the president was born. The old lady, to whom the president is devoted is over 90, but is still hale and hearty.

A bronze tablet to the memory of General Henry Knox has been unveiled near Thomaston, Me., where once stood his historic mansion Montpelier. General Knox was the first secretary of war under President Washington.

Speaker Gully of the British house of commons will be 70 years old next year. Mr. Gully has been speaker for eight years, having been in the house about the same length of time previous to his elevation to that important place.

An oil painting of General John C. Calhoun Sanders, the youngest brigadier general of the confederate army, has been presented by his brother to his brother to the Alabama state department of archives and history. General Sanders was killed in a charge at Petersburg at the age of 24.

Mr. and Mrs. C. J. Glidden of Boston promise to add an interesting chapter to automobiling history. They have left Copenhagen in a powerful machine with the intention of crossing, if possible, the Arctic circle. If they succeed they will be the first persons to reach such a northerly point in an automobile.

Dr. John A. Trembley the eccentric scientist, died recently at his home in Hamilton, O. This home is unique, the owner having designed the various rooms in geometrical figures, some octagonal, others circular, others elliptical, and specimens of every kind of wood were procured from all parts of the world and used in the structure.

George F. Elliott, who was a "guest" of the Andersonville, Charleston and Florence prisons for 320 days, says that in the Florence pen 10,000 votes were cast for Lincoln and McClellan for the presidency, 7000 for Lincoln and 3000 for McClellan. The ballots were black beans for Lincoln and white ones for McClellan.

Frederick Charles Digby-Robert, mayor of Abilene, Tex., has completed a genealogical tree dating back to A. D. 1016 on the paternal side and half a century farther on the maternal. His investigations show him to be a direct descendant of William the Conqueror. The mayor came to this country from England twenty years ago and has been a resident of Abilene ever since. A typical American in everything that is American, in everything that is American, he is declared to be the best man ever chosen mayor by the voters of Abilene. He is married to an American woman and has one child.

A pair of Womens shoes made in Lynn, Mass., to establish a record for rapid shoemaking required 57 operations and the use of 42 machines and 100 pieces. All these parts were assembled and made into a graceful pair of shoes, ready to wear, in 13 minutes.

Deafness Cannot be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

State Normal School.
The Southern Oregon State Normal School begins this year's work September 16th. A large working library has been added; the physical and chemical laboratory has been fully equipped; a new gymnasium building is being erected, and a large and handsome school building is nearing completion. The school grounds are beautiful and picturesque. The health conditions are of the best; the social environment is pure and stimulating; the course of study has been strengthened and made more practical. The faculty has been increased in numbers and the school is now equipped to do work of the highest order.

This school belongs to Southern Oregon. It desires and merits the patronage of the people of this great section. For catalogue address, BENJAMINE F. MULKEY, President, 34-St Ashland, Oregon. C. H. THOMAS, Secretary.

There were 6,580,000 colored people in this country by the census of 1880; there were 7,500,000 by the census of 1890, and 8,800,000 by the census of 1900. There is no diminution of colored population in the United States, or in any part of it, despite the figures the big cities show.

Cause of Lockjaw.
Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by Lee Beall.

A new headlight sends a pillar of light vertically from the locomotive, as well as straight ahead. The column of light rising far above the locomotive can be seen from a great distance, even though a hill should intervene to hide the ordinary headlight and dull the sound of the whistle.

Better Than Pills.
The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by Lee Beall.

FIXED EXPENSES
Every retail merchant must have a store as well as a stock and pay rent or its equivalent. He must buy heat, light, service, transportation, postage—in fact, a host of things. He cannot get along without them. They are sometimes called the "fixed charges" of the business. But having all those expenses does not bring business.
The one thing needed is publicity—that people should know him and that he has something which they need or want.
If the expenses are 10 per cent without advertising, make them 12 or 14 per cent with advertising and double or quadruple the business.—Men's Outfitter.
You are invited to let the public know what you have for sale through this paper.
