

A Crocodile's Digestion.

On the banks of the Teluga river, in Cutch, there was recently killed a crocodile, and the following inventory was made of the contents of the brute's stomach: A half-digested little calf, a human skull, a silver bangle, some brass ornaments, a little tin box containing tobacco, a lime case, a nutcracker, a railway ticket, a horn case containing twelve annas, six pies in copper and a soda water bottle containing some mustard oil.—The King.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infalible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by Lee Beall. Trial bottles free.

Women Cattle Raisers.

A woman operates one of the most successful stock ranches in Arizona, eleven miles from Prescott. Her father moved there from Illinois in 1896, for his health. He died two years later, leaving a mortgage of \$15,000 on the ranch. His oldest child, Annette, took up the work, and since then the herd has multiplied threefold, she has added 550 acres to the range, has paid off her mortgage, and is making money, having sold as much as \$14,000 worth of steers in two months. Her younger sister is her partner and the two girls wear men's clothes when attending to business. Thirty or forty miles a day in the saddle is not unusual with them.

Confessions of a Priest.

Rev. J. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of Physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by Lee Beall. Only 50c.

Old Ferris Wheel.

The famous Ferris Wheel which was exhibited at the World's Fair at Chicago, and later was sold for old iron has continued to lay untouched in a junk pile in the north end of Chicago for several years. Negotiations are now in progress for the removal of the wheel for the Exposition at St. Louis and it is thought to be only a matter of a short time when the removal will take place.

Many Mothers of a Like Opinion.

Mrs. Palmer, of Cordova, Iowa, says: "One of my children was subject to croup of a severe type, and the giving of Chamberlain's Cough Remedy promptly always brought relief. Many mothers in this neighborhood think the same as I do about this remedy and want no other kind for their children." For sale by Lee Beall.

"Squire Wettin."

The biggest and most successful stock raiser in England is "Squire Wettin," is a great lover of pure bred stock and has some of the best in the world, as is evidenced by the fact that he takes about all the prizes at the Royal shows. The "squire" gives considerable personal attention to his herds, but would give more if it were not for another steady job he has on his hands. This occupation is that of reigning over Great Britain, for "Squire Wettin" is none other than King Edward VII. His royal highness is a splendid judge of cattle and there is nothing in his private affairs he cares more for than his live stock.

Broke Into His House.

S. Le Quinn of Cavendish, Vt., was robbed of his customary health by invasion of Chronic Constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure, 25c at Lee Beall's Drug Store.

World's Fair Notes.

Among the interesting exhibits shown by Arizona at the World's Fair will be an ostrich farm.

The Louisiana Purchase Exposition covers two square miles; 1240 acres. It is larger than the Chicago, Omaha, Buffalo and Paris expositions combined.

A model of the first harvesting machine, made 150 B. C., according to reports from the U. S. Patent Office, will be shown at the World's Fair.

One firm of horse breeders at Columbus, O., will exhibit at the World's Fair a stable of 17 Percheron horses valued at \$60,000.

Abraham Lincoln's genius as an inventor will be exploited at the World's Fair. His famous device for lifting steamboats off the shoals will be shown in the transportation department.

Ohio's building on the World's Fair grounds is enclosed and under roof. The architect inspected it recently and was pleased with the work. He said the building would be ready for occupancy by January 1.

The American Federation of Labor is preparing an exhibit for the World's Fair. It will consist of records, histories, constitutions, official journals, group photographs of officials, trade emblems, union labels. This exhibit will be the first of the kind ever seen in America.

The architecture of Iowa's building at the World's Fair is a blending of the lines of the old state capitol at Iowa City with the present state house. The cupola of the old building is reproduced and the columns and facades of the new.

Papier mache mushrooms and toadstools will form an interesting and instructive exhibit prepared for the World's Fair by the Massachusetts Agricultural College. The difference between the edible and poisonous mushrooms will be made clear.

The United States Steel corporation will make an exhibit at World's Fair that will cover two acres of floor space in the Palace of Mines and Metallurgy. It will be the first exhibit of so wide a scope ever attempted and will cover every branch of the industry.

Baby Costs Too Much

When the price paid is the mother's health and happiness. The father doesn't realize as he romps with the child what years of wifely suffering must be set against the baby's laughter.

Chronic invalidism is a high price to pay for the painful joy of maternity, yet it is at such a cost that many a woman becomes a mother. Such a price is too much because it is more than nature asks. By the use of Doctor Pierce's Favorite Prescription maternity is made practically painless, and a quick convalescence is assured in almost every case.

"I am pleased to give my testimony and wish I could find words strong enough to induce other sufferers to use Dr. Pierce's Favorite Prescription."

writes Mrs. Wesley Guy, of Kemptville, Ont., Box 6. "For eight years after my little boy was born I suffered with female weakness, also soreness in ovaries, especially on my right side, and pain in back. Was so miserable sometimes did not know what I was going to do. Tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription. Had only used four bottles, also some of Dr. Pierce's Antiseptic and Healing Suppositories, when I felt like another person. I recommend Dr. Pierce's medicines to all my friends. If anyone wishes to write me I will gladly answer."

Dr. Pierce's Favorite Prescription contains no alcohol and is entirely free from opium, cocaine and all other narcotics. The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss; therefore, accept no substitute.

Dr. Pierce's Pleasant Pellets regulate the bowels.

Mr. Rolker, in McClure's, robs us of some misconceptions as to snakes. When a snake is decapitated it is dead. The tail will remain sensitive for some hours without reference to sundown. The rattlesnake does not suicide by biting itself. No snake is susceptible to the poison of its own kind. That the blacksnake will swallow its young in time of danger is true—true they are then digested, making the mother a cannibal of the worst sort.

At the international congress of wireless telegraphy, which recently met in Berlin, the term "radiograms" was used for messages sent by the new method. The term has the advantage of being descriptive.
