

A New Jersey statute, passed in 1799, provides that "all persons who shall use or pretend to use or have skill in physiognomy and palmistry, or like crafty science, shall be deemed and adjudged to be disorderly persons." In a case recently tried under this statute the supreme court observed that if there shall ever be discovered any rational evidence that palmistry is a real science its use for honest purposes will pass beyond the range of the law of 1799. For the present it must rank as "a crafty science."

Only Makes a Bad Matter Worse.
Perhaps you have never thought of it but the fact must be apparent to every one that constipation is caused by lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by Lee Beall.

A Paris physician has noted the hour of death of 2880 persons of all ages in a mixed population, and during a period of several years. The maximum hour of death is from 5 to 6 a. m.; the minimum from 9 to 11 a. m. In the first case the mortality is 40 per cent greater than the average, and in the latter 6 1/2 per cent less. From 10 a. m. to 3 p. m. in the day the mortality is not high, and the most fatal hours are from 3 to 6 in the morning.

Chamberlain's Cough Remedy is Pleasant to Take.
The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. I. Rokerick, of Poolesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect." For sale by Lee Beall.

Out of a population of 1000 individuals there is an average of 20 deaths per annum. With 1,500,000,000 people on the earth, the total annual death rate for the world amounts to 30,000,000 human beings. If a man lives over the common span of four score years, the inconceivable number of 2,400,000,000 fellow creatures will have died while he has lived.

Disastrous Wrecks.
Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by Lee Beall Drugist. Price 50c, and \$1.00. Trial bottles free.

The Prussian war department finds that in every 1000 young men arriving at the age of military duty, 17 are suffering from heart disease. Stricker, who has been studying the subject, declares that the cause of the great prevalence is the increasing degeneracy and nervousness of the youth of the land.

Doesn't Respect Old Age.
It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill. 25c, at Lee Beall's Drug Store.

The American consul at Paris says in his report for the last fiscal year: "Work of art and paintings aggregating \$7,000,000 have been involved at this office, and costumes and dresses to a total of \$8,000,000. Yet the United States comes only fourth on the list of nations purchasing French productions."

A Runaway Bicycle.
Terminated with an ugly cut on the leg of J. E. Orner, Franklin Grove, Ill. He developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and piles, 25c, at Lee Beall's Drug Store.

THE OLDEST MAP.

Plan of the Ancient City of Rome in Fragments of Marble.

There is preserved in Rome an interesting document, which is the oldest plan of the ancient city of Rome in existence. The Forma Urbis, as it is called, was cut upon 140 pieces of marble of various sizes and covers a superficial area of 266 square meters. It was made during the reign of Septimius Severus, between 203 and 211 A. D., and was attached to a wall of the Templum Sacrae Urbis, the present church of SS. Cosma e Damiano. The most curious feature of this map is that some sections or divisions of the city are represented upon a much larger scale than other parts. This is notably the case respecting the Palatine and Roman Forum. The reason for this distinction antiquarians and archaeologists have failed to adduce, and the peculiarity rendered it a difficult matter to piece the fragments of the map together correctly. It is also evident that the relic is the product of several different hands, since some portions are very skillfully and diligently prepared, while others are very negligently made. The map was also permitted to fall into disrepair and fell to pieces in course of time. The first fragments were found in 1562 and roughly placed together by Antonio Cosio, but the work of building up the map has been diligently continued ever since, until now 1,049 pieces have been found and joined together. That the map was originally of a tremendous size is testified by the fact that, according to Professor Lanciani, the present portion of the plan is but a fifteenth of the whole. This Forma Urbis is of immense value to archaeologists, since by its aid several parts of ancient Rome hitherto unknown have been found. —Scientific American.

Billy's Little Talent.
Billy's sister is the organist of the church in her country town, and Billy blows the old fashioned instrument upon which his big sister performs. Some day, however, Billy will be an artist himself if his present spirit of pride in his work persists. Still, although he enjoys his task, the 25 cents he earns every Sunday is much appreciated by him.

A concert was given in the church in aid of a local charity, and quite a number of "artists" whose services usually command big remuneration volunteered their services. When the concert was over the choir-master came to Billy, who had enjoyed greatly the importance of the occasion and his share in it, and held out a quarter to pay the boy for his work.

Billy looked up in grieved surprise. "Why, say," said he, "aren't the rest of the talent giving their services for nothing?"

New Orleans and Galveston export more wheat than New York

Dragging Pains

2825 Keeley St., CHICAGO, ILL., Oct., 2, 1902.
I suffered with falling and congestion of the womb, with severe pains through the groins. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

Maudie Bush
Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

For advice in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.
