

MICELLANEOUS

Numerous attempts have been made of late to learn whether King Edward is a protectionist or a free trader, and some politicians would give a good deal for a correct answer to the question.

A Norwegian chemist has discovered a new and cheap way of making alcohol from sawdust. Sawdust is treated under pressure with diluted sulphuric acid, by which the cellulose is transformed into sugar, which, by adding fermentation producers, is converted into alcohol in the old manner and then distilled.

On October 16 a cloud of mosquitoes, so dense as to obscure the sun, and making a noise like a distant sound of the ocean, settled down on the center of Madrid.

An eight inch pipe line has been constructed from the Bakersfield oil region 280 miles to San Francisco bay by the Standard Oil company.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleepless eyes, or stomach upsets. Electric Bitters will quickly remember the troublesome causes.

Probably the oldest musician in the world is Manuel Garcia, now aged 98 years. He has given up teaching and lives in a villa in north-west London.

A Frightened Horse.

Running like mad down the street dumping the occupants, or a hundred other accidents, are every day occurrences. It behooves everybody to have a reliable Salve handy and there's none as good as Bucklen's Arnica Salve.

Not more than 250 square miles of territory is under cultivation in benequin or sisal hemp, yet on this small area is produced the fiber that literally binds the wheat harvests of the world.

Be Quick.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack.

The Chinese government has presented an article for embodiment in its treaty with America providing that the United States consul at Shanghai shall suppress any newspaper within his jurisdiction publishing offensive matter.

The area of land, which will be covered by the St. Louis position aggregates 1240 acres—a strip about two miles long by one mile wide, requiring six miles of fencing to inclose it. Already 85 miles of roadway have been constructed within the grounds.

RECTOR OF ST. LUKE'S. Ashburnham, Ontario. Testifies to the Good Qualities of Chamberlain's Cough Remedy. I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced.

A Quart Baby.

Now and again there is an item in the newspapers concerning the birth of a puny baby so small that a quart cup holds it comfortably. If the article told all the facts it would probably tell also of a mother who in weakness and misery had looked forward to the baby's advent with shrinking and fear.

To have fine, healthy children the mother must be healthy, and it is the common testimony of mothers that the use of Dr. Pierce's Favorite Prescription not only promotes the mother's health but also gives her strength to give her child.

Dr. Pierce now feels fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of Womb which he cannot cure.
