The Woodmen and circle held joint installation last night, but too late to be reported this week.

J. W. Tucker has been appointed deputy county clerk ten days to assist in extending the 1903 assessment roll.

Mrs. Scott, wife of special agent W. W. Scott, started for Klamath yesterday morning to join her husband.

Throw away your old heaters and go to Bernards' and get a new one—it will save you enough wood to pay for itself. 1-4t

Mr. and Mrs. F. B. Houston of Valley, spent several days in Lakeview last week, the guests of Mr. and Mrs. Harry Bailey.

Mr. and Mrs. Wm Russill entertained a number of friends at whist last Thursday night. An enjoyable time is reported.

L. N. Converse and wife and A. E. Converse of New Pine Creek, were in Lakeview Monday attending to some land matters.

Mr. and Mrs. Frank Reid entertained some friends last Friday night with some late pieces on the phonograph, and otherwise.

Jack Robinson took the southern stage yesterday morning for Reno, where he has been offered a position in an abstracting office.

Another coyote drive by the Crane Creek hunt club took place Saturday when two coyotes were caught in the chase. The snow is a little too deep now for effective work and the drive Tuesday did not come off.

Mr. and Mrs. J. C. Shellhammer of Crooked Creek, went to Alturas last week in response to a summons that Mrs. John Penland, a sister of Mrs. Shellhammer and Postmaster Wilcox, was quite sick at that place. The little child of Mr. and Mrs. Penland was also reported quite ill.

Charley Harvey returned from Madeline Friday loaded with 8000 pounds of freight for our merchants. He made the trip in ten days with six horses.

Oliver Charlton who has been confined to his bed for about three months from a broken leg and a severe sickness, is now able to be up and about.

Mr. and Mrs. Frank Musgrave returned from Klamath Falls last week, Mr. Musgrave having given up his position in the Reames & Jennings store there.

A snow storm Saturday night and Sunday made fair sleighing, and sleighs and bells of every description are to be seen and heard both day and night since.

A snow and wind storm Saturday night crossed some electric light wires and caused three fuses to burn out in as many transformers in the town system.

County Clerk Mauring in figuring up the expenses of the county for the past year finds that a little over \$10,000 will cover it, not including \$2,100 for roads.

Owing to the scarcity of teachers in Lake county, Supt. J. Q. Willits has accepted the school at Union district to teach a three months term beginning last Monday.

The Chewaucan Post has a lengthy write-up on the work of building a dyke at Summer Lake to procure the vast deposits of soda, salt and potash, by C. M. Sain, president of the Oregon Potash Co.

Miss Edna Clark, daughter of Jack Clark, formerly of this county but now of Ashland, was an arrival of the western stage (sleigh) yesterday morning on a few weeks' visit with friends. She is the guest of Mrs. Dan Malloy.

Geo. M. Jones, accompanied by his daughters, Miss Anna Jones and Mrs. W. B. Sulder, arrived from Paisley Saturday. Mr. Jones has been suffering from a large carbuncle on the back of his neck and is here for treatment.

The teamsters have been hauling ice for the past week for Lakeview's business men, both from Cottonwood Creek and from the slough on the slash. The Cottonwood ice is 14 inches thick, and is perfectly clear and pure, and the teamsters get \$2.50 per ton for it. The slough ice is not very good and commands only \$1.50 per ton.

Wallace Taylor returned from San Francisco last Saturday and after visiting the ZX ranch in Chewaucan returned to Reno yesterday. Eighty head of work horses were sent to Reno a week ago from the ZX ranch to work on the big government canal near Reno and Mr. Taylor has gone to look after them. W. L. Flack and J. Strickland took the horses over and the former will have charge of them during the summer.

At the session of the County Court last week the tax levy for 1904 was made. 29 mills is the total including the state tax, which is a raise of 2 mills over last year. The State tax levy this year will be 7 1/2 mills, as compared with 5 mills last year. This increase is due, partly, to the Lewis and Clark fair appropriation of \$250,000 for 1904, the Portage railway \$165,000, Indian war veterans \$100,000, and The Dalles-Celilo ship canal \$100,000. The total revenue to be raised is \$1,255,000, as compared with \$760,000 last year.

SAGEHEN MINES NIL

Paisley Mines Assay \$15.25--Rich Copper Deposits near Fort Bidwell Cause a Rush.

The fate of the much talked of Sagehen mines east of Lakeview, has been decided for all time, as far as expert mining men are concerned. Capt. J. Sub Johnson, E. M., metallurgist and assayer of Visalia, Cal., who was here looking over the ground in the latter part of December, has sent back the report of his visit. As he represented mining capitalists it is certain that his report would be accurate.

He finds that there is almost absolutely nothing of value in the famous Sagehen. The assay does not show color to the value of 50 cents in four tons of rock and that is about as small as they get.

The wonderful Sagehen country looks fabulously rich to the unwary prospector and the credulous public, and the hundreds of acres of shining stuff makes it tempting.

Messrs. Hughes and Weisner, whose report brought Mr. Johnson to Lakeview, were evidently duped, or else entered into a conspiracy to sell by "salting" their claims.

Mr. Johnson also took samples of rock from the mines near Paisley and the assay is quite flattering and can be relied upon to be absolutely correct and reliable. All that is necessary now is to know that the quantity is there and "then there will be something doing" in the mining business in Lake county.

The assay on sample No. 1 was:

Gold,	value per ton	\$14.29
Silver,	" " "	1.04

Sample No. 2 was:

Gold,	value per ton	\$4.12
Silver,	" " "	Trace

But the greatest discovery of the age in mining circles, is the copper mines over the Fandango mountain in Surprise Valley. They are located on what is known as the Neisham hill and are immensely rich in copper. Mr. Johnson took samples of this ore along with him, and his report is most flattering.

The assay made by him was: 1040 pounds of pure copper to a ton of 2000 pounds, or 52 per cent chemically pure copper. If the copper deposits are vast enough, no doubt smelting works will soon be put up by capitalists. Numerous claims for miles around this rich discovery have been staked off and no doubt the field has been more than covered.

These mines are thirty miles from Lakeview by the Fandango pass, and should capital take hold of them the enterprise would be a great help to this whole country for miles around.

Our Share of State Tax.

The State Board consisting of the governor, secretary of state and state treasurer have computed the revenue to be raised by direct taxes for state expenses for 1904 and fixed the amount at \$1,225,000. The apportionment for Klamath, Lake and Crook counties is as follows:

Klamath, \$14,087.50 or .0115 per cent of the entire tax.

Lake, \$13,107.50 or .0107 per cent of the entire tax.

Crook, \$15,925.00 or .0130 per cent of the entire tax.

Leap Year Ball.

Ladies of Lakeview call a meeting for Saturday.

All ladies who are interested in giving a Grand Leap Year Ball on Friday, Jan. 29th, please meet in Barry Hall Saturday afternoon at 2:30 o'clock to discuss arrangements.

It is hoped the ladies will respond heartily to this call and unite to make the Leap Year Ball a success. Every lady is invited to be present at the meeting Saturday at 2:30 P. M.
