I was prescribed for by physicians with no noticeable results. A friend gave me part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time after using it for two weeks, have no hesitation in saying I realize that I am entirely cured." THIS PAPER is kept on file at E. C. DAKES' Advertising Agency 124 Sansome Street, San Francisco, Cal., where contracts for advertising can be made for it.

Wanamaker's Beginning

The number of men who fail on account of lack of courage is enormous. The number who would refuse to let go of a dollar if they knew positively that it would bring back two is astonishing. Such men merely exist. They don't live. They never really amount to anything. The men who win are the men who think out the right course to pursue and then back up their convictions with their last penny and their last ounce of energy.

The first goods John Wanamaker ever sold brought him \$25. He delivered his goods in a wheelbarrow. He collected the \$25 and went directly to a newspaper office and planked it down for advertising space.

Some men would have spent \$1.50 for some cheap dodgers and "saved" the rest. They would have been wheelbarrow merchants today.—Shoe and Leather Facts.

If Wanamaker were doing business here, he would advertise in this paper.
