

HUMOR OF THE HOUR

His Vacation.
The summer tourist, being engaged in some naturalistic pursuits, came upon a bee which sat leisurely on a blade of grass and seemed perfectly unconcerned.

"How now?" quoth the summer tourist. "This belies all I have read about the busy bee."

"What does?" asked his guide. "Why, that bee on that blade of grass has been sitting there all morning evidently and still gives no sign of intending to go to work."

"Oh, he doesn't have to go to work for some time yet," explained the guide. "He doesn't? What variety of bee is he?"

"That's what they call the husking bee. He won't have anything to do until next fall."—Judge.

Felt Like a Boy.
"It makes me feel like a boy again to get into the country," said the enthusiastic citizen.

"Yes," answered Mr. Sirius Barker. "I went to a picnic the other day. I went rowing and blistered my hands, went swimming and fell into the water, played baseball until my muscles were sore and fell out of a tree. I felt exactly as if I were a boy again, and I want to go on record as being mighty thankful that I am grown up."—Washington Star.

All the Best of It.
"I think," she said, "that I have a little the best of my husband."

"How is that?"
"Why, he thinks I give too much time to my clubs, so I offered to give up one of mine for every one of his that he would give up."

"Well?"
"Well, he belongs to only two, and I belong to eight. Yes, I think I have a little the best of him."—Chicago Post.

A Forerunner of Loquacity.
"There's no use for me to suggest to my wife that it's time to go home. She'll talk for two hours yet."
"What makes you think so?"
"Didn't you hear her remark when she started the argument?"
"No. What was it?"
"She said, 'There's very little to say on either side.'"—Denver News.

Man, Poor Man!

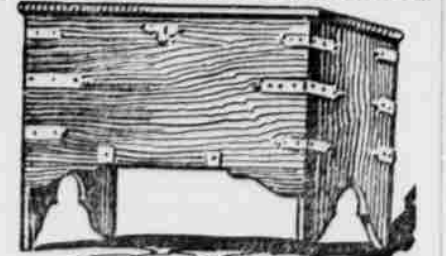

Jones—Why in the world did Smith stop taking Turkish baths when he was married?

Brown—Oh, I guess it's because his wife keeps him in hot water all the time.

A Chest that Came in the Mayflower

Is sure to attract the attention of every New England woman and with pride in her heart she marvels that it is so strong

and well preserved. This is due to the fact that it has received prompt attention when any signs of weakening were shown.

So the woman of to-day may keep her strength and preserve her good looks if she gives immediate attention to the first symptoms of any womanly weakness.

Dr. Pierce's Favorite Prescription promptly cures disease and restores strength to all women who are weakened by any womanly disease and are run down by material and household cares.

\$500 REWARD FOR WOMEN

WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Pro-lapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y.

Miss Stella Johnson, of 25 Brady St., Dayton, Ohio, writes: "I was troubled with severe pains every month when I wrote to you for advice. After following your directions, I am happy to say that after five years of untold suffering I have not had any pains since first using your 'Favorite Prescription.' I thank God and Dr. E. V. Pierce for the health I now enjoy. I shall urge other women who suffer as I did to use your medicine."

Take Dr. Pierce's Pleasant Pellets instead of any other laxative.

Famous Forecaster's Prophecy.

Samuel Benner, the famous fore-caster, who lives in Boston, has issued his prophecy for 1904, in which he says:

"I predict that prices for pig iron, railroad stocks and many commodities will be lower next year than for the year just passed.

"I predict that the Republican party will be successful in the November election. I predict that after the year 1904 there will be a revival in trade. Better times and higher prices will prevail until the year 1911.

"The present down cycle of prices and in general business ends in 1904. The year 1905 will be the beginning of a new up cycle in pig iron and for long prosperity in general business, lasting until the next commercial revulsion, due in 1911. The coming opportunities to catch business and prices at their lowest limits of depression will not happen again for 20 years.

Each crew of a naval vessel consists of seven men besides the captain of the turret, who has general charge. There are two guns in each turret, so that when in action there are in a turret 15 men. At each gun there is a pointer, a trainer, a sight setter, a rammer man, a hoist man, a breech lock man, and a loader. Each has his station and the seven men practically become part of the gun, working together like a machine.

Six Shaffer brothers, sons of John Shaffer of Highland county, Ohio, were recently photographed in a group at Hillsboro, Ohio. The oldest is 86 years of age and the youngest 74. Their united ages amount to 480 years. Their father's children numbered 13, and the children of these six brothers number, respectively, 11, 8, 9, 13, 12 and 5, giving the list in the order of the father's ages.

Congratulations.

Mr. John H. Cullom, Editor of the Garland, Texas, News, has written a letter of congratulations to the manufacturers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous, and there is no risk from giving an overdose. I congratulate you upon the success of your remedy. For sale by Lee Beall.

The Minnetonka, built at Cleveland for seacoast trade, being longer than the locks in the Welland canal, was drydocked at the head of the St. Lawrence system and cut in two. The rear half steamed through the canal, while the forward half was towed.

W. J. Hannan, who resides at Corning, Tehama county, Cal., is undoubtedly the oldest active carpenter in the United States, if not in the whole world. He is over 103 years of age, but is still in good health and able to get around as lively and do as much work as many a craftsman half a century younger.

Wonderful Nerve.

Is displayed by many a man enduring pains of accidental cuts, wounds, bruises, burns, scalds, sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c. at Lee Beall's, Druggists.

"THE CLUB'S THE THING"

Everybody is in the Deal-Merchants, Farmers, Teachers, Professional Men--Mechanics

People Everywhere Eager to Take Advantage of the Big Saving Afforded by the Co-operative Way of Piano Buying.

Piano purchasers ordinarily consider themselves lucky to get a slight discount off the price of a piano. Scores of buyers are willing to accept at a discount instruments that have been slightly damaged and many take pianos that have been used for a greater or less time in order to have a good, substantial instrument at a price they can afford.

But by joining one of our clubs purchasers enjoy the same advantages as a wholesale buyer. You can walk into our store which is the most extensive modern piano concern in the whole Pacific West where the largest line of the finest and most reliable pianos made are carried, and at your leisure make your selection from a choice collection of 500 pianos every one absolutely perfect and guaranteed to be so. You don't have to wait your turn now in these clubs. Your piano is delivered to you as soon as your decision is made, your name is placed in the club occupying the same relation to us that a wholesale dealer does, who purchases as many pianos.

Low prices and absolutely fair dealing are the distinguishing features of Eilers Piano House. We possess many facilities for saving money which no other concern in the country does, and we sell pianos at all times for many dollars less than the same grade can be secured for at any store, East or West. But the present opportunities are by far the best that purchasers ever had.

We are prepared in these clubs to furnish you with anything you want and at a price you will gladly pay when you examine the instrument.

CLUB "A" pianos are those that sell ordinarily for \$225, \$250, \$275, and \$300. Club members are getting them for \$118, \$137, \$164 and \$178. Payments down, \$5, and \$1.25 a week.

CLUB "B", a little higher class and more elaborately finished, pianos for \$186, \$224, \$226, etc., etc. Payments down, \$6, and \$1.50 a week.

CLUB "C"—The pianos included in this club are among the very highest grades, but payment down is only \$12, and the remainder \$2 a week.

CLUB "D"—Exceedingly choice and most costly pianos of national reputation that will last and be a satisfaction for generations. Initial payments, \$20 down, and \$2.50 weekly finishes the buying.

CLUB "E"—The very highest grade pianos, including grands and baby grands. Initial payments, \$25 down, balance to be arranged to suit customers, so that it is paid within two years.

ORGAN CLUB "OA"—Organs in this club are all standard makes, elegantly finished, pay only \$3.00 down and complete payments in weekly installments of 60 cents, or \$2.40 a month.

ORGAN CLUB "OB"—Handsome and more elaborately finished organs for a payment down of \$5.00, and the remainder for the small sum of \$1.00 a week, or \$4.00 a month.

Better look into this now, clubs are all filling rapidly. Eilers Piano House, the biggest and best and the busiest piano concern on the Pacific Coast, No. 351, Washington street, corner Park. Large stores also at San Francisco and Sacramento, Cal.; Spokane and Seattle, Wash.

Lord Frederick Wolverton is expected to arrive in this country next spring with a party of friends, all bound for a trip in the far west. His lordship is a great traveler, and finds recreation in anthropological research, but doubtless what will endear him most to New York society is the fact that he is vice chamberlain of the royal household and a rich man besides.
