**Deafness Cannot be Cured**  
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

**Wanamaker's Beginning**

The number of men who fall on account of lack of courage is enormous. The number who would refuse to let go of a dollar if they knew positively that it would bring back two is astonishing. Such men merely exist. They don't live. They never really amount to anything. The men who win are the men who think out the right course to pursue and then back up their convictions with their last penny and their last ounce of energy.

The first goods John Wanamaker ever sold brought him \$35. He delivered his goods in a wheelbarrow. He collected the \$35 and went directly to a newspaper office and planked it down for advertising space.

Some men would have spent \$1.50 for some cheap dodgers and "saved" the rest. They would have been wheelbarrow merchants today.—Shoe and Leather Facts.

If Wanamaker were doing business here, he would advertise in this paper.
