There is much doing at the United States Mint in San Francisco. Orders have been received from Washington by the superintendent of the Mint to suspend all work of the routine sort, in fact all the work upon which he has been engaged recently and to turn out as many twenty-dollar pieces in the next two months as possible. Before a final order was issued to proceed exclusively with the minting of twenty-dollar gold pieces a query was sent out as to what could be done. Superintendent Leach answered that it would be possible to coin \$30,000,000 in the designated gold coins in two months.

**Additional Local**

C. S. Flourney and A. Johnson of Stockton, California, have been spending some time in this section, says the Post. These gentlemen intend purchasing quite a number of mutton sheep this spring to drive to the California markets.

Mrs. J. E. Nora accompanied Rev. J. B. Stark to the Bethel church south of New Pine Creek, last week. She will assist in the singing during the revival services held by Rev. Stark. Mrs. Lizzie Chrisman has been there also during the meetings as leader in the choir.

John Brammer, a nephew of Mrs. J. W. Mikel, and James Allen, have been in Lakeview for a couple of weeks on a visit to Mr. and Mrs. Mikel. Their homes are in Kentucky but have been sojourning in Texas for some time. They are favorably impressed with Lake County.

The Western stage was delayed one whole day, and did not arrive from Monday morning until Wednesday morning. The same team and driver that brought the mail in were compelled to turn around and make the return trip as far as Howard's, 26 miles, making a total distance of 52 miles.

Prof. Vallandigham, principal of the Lakeview schools, occupied the pulpit in the M. E. church last Sunday morning and evening. This was his first appearance before a Lakeview audience acting in the capacity of a minister of the gospel. His hearers pronounced his effort very credible.

S. O. Cressler of Cedarville, and Edw. Hartzog and H. M. Flemming of New Pine Creek, were in Lakeview several days last week figuring on a deal whereby Messrs. Cressler and Fleming were to purchase the Hartzog store at the state line town. We understand that the deal was not consummated.

Bill McKay, a well known hide buyer, left Paisley Tuesday morning accompanied by Chas. Barcus, Clyde Hartlerode, Jason Elder, Arthur Rice, Jim Harper and Warren Marsters, for the scene of the McCune sheep slaughter, for the purpose of removing the hides from the carcasses, says the Post.

W. D. Woodcock telegraphed his son Eldon, from Reno, last Friday that he had that day purchased a blacksmith shop there. Mr. Woodcock went to Reno Monday of last week with that purpose in view, but up to Friday had not found what he wanted. His daughter Ada will join him in a short time, and his family will move there in the spring.

The Exposition Transportation Company, of St. Paul, have published an artistically illustrated booklet outlining a trip on steamboats via the Mississippi River to the Louisiana Purchase Exposition next summer. The project is as attractive as it is unique for it contemplates the use of the steamboats as floating hotels during the tourist's stay in St. Louis. There are other features of the trip which will doubtless appeal strongly to the majority of the World's Fair visitors, many of whom are already making their reservations.

Last week was a stormy one, the wind blowing, and the air being filled with snow. Six inches of snow fell Friday. Saturday was a fair day, but Sunday the temperature moderated and it began raining, which continued almost incessantly throughout the day, and all that night and the following Monday. The snow turned to water, the streams run bank full, and there was water everywhere. A heavy freeze Monday and Tuesday nights was all that prevented a big flood throughout the country. At present the weather is fair, and ice is formed everywhere.

**CHEWAUCAN NOTES.**

Lower Chewaucan, Or. Feb. 15, '03. EDITOR EXAMINER:

I will forward you a few locals for this week's edition:

The wind has been something terrific for the past two weeks, in which time we've had an abundance of rainfall which has brought in the ducks and geese, and the green grass is peeping on the meadows.

Died, at the age of 18 summers, the old dog, Fox, at the 70 ranch, Feb. 12th. Fox was laid to rest in a neat pine casket by Frank Romer who says he has lost his best friend.

Our cook, Gaston, has gone into training as a sprinter of late. He says that Col. Light must fit himself for a longer heat before returning to Chewaucan again.

"TUFFY."

**Cheap Cattle—Rates Raised.**

A San Francisco drummer who was interviewing our merchants last week, recently passed through the drought stricken part of California and shortly before the recent rains in that section. He said cattle and sheep were selling for a song. Miller & Lux who always have a surplus of hay down there purchased a large number of cattle at \$2.50 per head.

This same drummer having come via Reno, reports that freight rates have been advanced on the N. C. & O. Ry., from Reno to Madeline, and that some of the Alturas merchants had ordered their goods shipped via Red Bluff. No official notification has been received by Lakeview merchants that the rates have been raised, but it is presumed the drummer knew whereof he spoke.

Rev. Black who has been conducting a series of meetings for the past five weeks at the Baptist church, closed last week, having met with considerable success. The meetings were well attended and thoroughly appreciated by the large congregations. The result was seventeen conversions. Rev. Black accompanied by his wife will leave this week for Silver Lake where he will hold meetings.

War dispatches since our last issue have been rather meagre, and nothing of importance has happened to chronicle. The city papers have verified the dispatches published last week, and the fighting and preparations for further hostilities between Japan and Russia continue to fill the columns of the city press. The Japs were last reported to have lost a torpedo boat with 91 men and some officers, by the explosion of a Russian submarine mine at Point Arthur, but later reports say it was a Russian torpedo boat.

W. P. Moulder, one of the early settlers of Warner valley, and who for a number of years has resided at Adel, has now taken up his residence at Plush, and will hereafter conduct a general store, having recently purchased the business from Willis Scammon. Mr. Moulder is well known throughout the country for a man of integrity and business ability, and no doubt he will meet with merited success. Plush is a great supply centre for the sheep men in winter, as it borders on the desert, and the little stores there do a good business usually.

**A Beautiful Valentine.**

St. Valentine's greeting to all who love to snuggle close to Nature's heart—a beautiful creation in water color, with a handsome 1904 bicycle girl for its center, her bloom of rosy health happily blending with the sunshine of an opening Spring. If you want one free, just drop postal to Pope Mfg. Co., Hartford Conn., or Chicago, Ill.

**To the Public.**

Notice is hereby given that W. D. Woodcock & Son have dissolved partnership, W. D. Woodcock retiring. Eldon Woodcock will collect all outstanding accounts and pay all bills contracted by the old firm. A settlement is desired immediately. W. D. WOODCOCK. ELDON WOODCOCK.
