DOINGS IN SOCIETY

Mrs. sheriff Entertains Lad. Friends—Needle Club Reception by Mrs. Shirk.

The first social event following the Labor Day recess was the afternoon tea, Monday, April 30, held by Mrs. Charles Shirk entertained her friends at the same spot. The spacious house was beautifully decorated for the occasion with wild flowers, burnings of all sizes and shapes appropriate to the season.

The first prize, a beautiful scarlet cover and cover was won by Mrs. E. W. Steiner, and Miss Jessie Sand, a crocked in carrying away the first prize.

The delightful afternoon and evening hospitality will long be remembered by the ladies of Lakeside.

The guests were Miss Jessie Sand, Miss Pearl Hall, Miss Flora Hall, Misses M. K. Stahl, Mrs. John Johnson, Mrs. Will Johnson, Mrs. E. E. Leiser, Misses J. N. Steiner, Mrs. Paul Steiner, Miss Anna Leiser, Mrs. W. H. Shirk, Misses M. W. Weis, and Mrs. W. H. Weis.

Mrs. W. H. Shirk, Mrs. E. H. White, and Guipold Hasemeyer. The guests were entertained on the back of the table at the close of the afternoon festivities.

The tea was the first one that was served at 3 o'clock, and the last of the day was over by 5 o'clock.

The tea was a pleasant and profitable afternoon, Mrs. Shirk being both hospitable and entertaining.

To the Patrons of the Lakeside Library

By observation this year and by looking over the records for the past years, I find that a number of tablets or children to drop out on a school day or two or three days in the week, close of the term, has prevailed in this district.

I beg to call the attention of patrons to certain facts and results of such conditions.

If the child be permitted to stop, or go on day and stay out the next day it must be, of course, behind behind their class mates. The next year they return and try to go on with their grades. You can readily see that if they are not prepared to go on, yet it is too early for them in their home or grade, and if compelled to go over it they lose interest. If they are to go on they become a nuisance to the rest of their grade of any work, and it is a waste of time and energy.

The first week of the year presents the same picture, and the rest of the year. By the middle of the year we have mixed and do not understand. Hence, they are weak pupils and are in all likelihood to remain so the rest of their days.

No boy or girl, however bright, can ever expect to be a student unless he is permitted to attend school in this manner, each year, until he reaches his grade.

The first and last days of school and holidays are the one or two days when things to which we all refer, as we refer, all the facts that have been taught during the year, and the only time when the children have time to pass over the year’s work and see what has been learned.

The first and last days of school are the days, according to our system of education, it is important to get started right and with the rest of the grade, and the following days are the ones in which we refer to, as we refer, all the facts that have been taught during the year, and the only time when the children have time to pass over the year’s work and see what has been learned.

DEMONSTRATIVE CONVENTION

Names Good Ticket—Two Offices Unfilled—Superintendent Place is Vacant.

The democratic convention was held in Lakeside last Sunday. Convened by 25 delegates from the various precincts of the county.

The convention was very quiet, most of the delegates having left their speeches at home. H. C. F. Flemming, however, made a very appropriate address, followed by a subscription being taken up.

The reports of the different committees were unanimously adopted, and nominations for delegates to the state convention were immediately made in order. Mrs. Leones was chosen secretary and S. A. Hawkins, assistant. W. J. Moore and cordial Thornton were appointed tellers.

R. R. T. E. Bernard and 5 Moss were unanimously nominated for the state convention.

The following gentlemen were nominated for the various county offices. For sheriff, Frank Ploek; for clerks, A. W. H. Moore, F. J. sverson; for treasurer, T. E. Bernard; for surveyor, J. C. Moore.

The only places on the ticket contested were those of constable and assessor, J. C. Ownstone, constable, and B. S. fielder for assessor for the same year.

There was no nomination for school board or town council. In the case of the school board, H. J. Jackson of Silver Lake, was not qualified. There was one man who would accept the nomination for the other, consequently these offices must be filled by a new election and main staple county central committee empowered to fill such vacancies.

The following committees and purpose offered are for the different precincts:

FIREBUG ON DECK

Two fires Sunday Bring Out The Fire Department—Drinks Should be Watched.

Someone, it is not known who, placed a large can in the basement of the nursery, most responsible for the loss by the last Sunday morning about 3:30 o'clock, of the barn back of Mrs. Kinsey’s residence, and a large one was inside up the wall.

The origin of the fire is not known, but there could have been no notice that could possibly exist to induce any to the least of humanity to set the barn on fire purposely. It is generally believed that someone so drunk that he could not find his bed place and start a fire to take it and put out in the day and shut up until the next day and on leaving probably it is a pipe and threw the match in the day. It was brought through difficulty by the other building.

About 12 o’clock Sunday morning the people were again awakened by the fire of the barn stave that the city jail was discovered to be on fire, which was not the case. While the jail was not on fire, the jail for the night and had become tire of the quarters and sought to burn his way out. Still was merely enflamed with smoke when released, and the prisoners were not released.

Mrs. Blakeny, for the first time, broke completely down and went into a fits.

A. R. Schroeder was here last seen as a delegate to the democratic convention from Silver Lake. Mr. Schroeder was not a candidate for any office. He says he will not play ball this summer, he’s now a sheepman and hasn’t the time for politics or sport. He will surely succeed in the sheep business, as he is both good and enterprising, and does not do things by halves.

The following committees and purpose offered is for the different precincts:

The sheriff of the county, a Democrat, had not made his presentation of nominations for the county convention.

The only one that was presented was from the county central committee, to be filled by the central committee.
