CLIMATE IN LAKE COUNTY

No Extreme Hard Winters, Nor Extremely Hot Summers--Plenty of Room Here

Now what will they say? You hear so many people say, Oh, yes, that's the trouble with this country, you can never tell when spring has come. Why, in the east they have spring in March, and when it does come it is there to stay. The recent blizzards in the east, on April 10th, when our people here in Lake county were hunting the shade, and the valleys and hills were covered with green grass, does not bear out the statement regarding the "beautiful climate of the east."

Nowhere else on earth can be found such climate as we have here in Lake county. The winters are not near so cold as in the east and the summers are delightful. Even in California where climate sells for \$560 an acre with the red, sun-baked soil thrown in, does not compare with Lake county in the summer time. Ope can always sleep comfortably inder a couple of quilty, and in winter neither blizzards nor months of steady rain make it unpleasant to live here. Land is cheap and it does not take a fortune to get a piece of land large enough to build a house

Regardless of widely circulated reports that Lake will sustain heavy losses in stock, all our stockmen are jubilent over the bright prospects for the season. Very little worry is ever indulged in by the stockmen, even those who depend on the ranges for their winter feed, over hard winters or dry summers to come and put them out of business. Business men, merchants who stock up the camps, have the utmost confidence in the future prosperity of the stockmen, as many of them are carried for several months for thousands of dollars awaiting stock shipments. There is ample room in Lake county for hundreds of thrifty people from the crowded east

222 South Peoria St., CHICAGO, ILL., Oct. 7, 1902. Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pro-nounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.
