

No Freak of Nature

In his early practice Dr. Roosa, the eminent New York Specialist, one day received a letter from a man living in a remote part of Connecticut, says the Saturday Evening Post. The writer explained that he was afflicted with growing deafness, and that a summer visitor to the neighborhood had suggested his going to New York and consulting Dr. Roosa. After describing the symptoms, the man ended by asking what was the probable nature of the trouble. Dr. Roosa suspected from the tone of the communication that the case was not for him, but he replied, advising him to consult a local physician, and adding in answer to his direct inquiry: "From what you say I presume that your difficulty arises from a diseased condition of the middle ear."

Two days later the doctor found this among his mail.

"Dear Sir:—Yours received and contents noted. What do you take me for—a ringed-necked willipus-wallipus? You talk about my middle ear; how many ears do you think I've got—three or five? My ears may be pretty long, and I guess they are or I wouldn't be writing to no New York doctor for advice, but I'd have you understand that I've got just two of them, and no more, like other folks, so there ain't no middle one. Don't get fresh!"

We notice that a great many persons have copied from the Oregonian the report of the sheep killing. That report was sent from Reno and is false almost all the way through. How the Reno correspondent to the Oregonian got the news is only conjectured. There was a brief dispatch wired the Oregonian from Lakeview, and it is believed that the Reno dispatch was taken from the wire there and enlarged to meet an I-set in, as the one from Lakeview did not get through.

An open letter

From the *S. C. News*: Early in the Spring an extract from a letter which came to a physician who practices in Lakeview, but has medicines sold to give out, related. A friend who had a bottle of handkerchief balsam and diarrhoea remedy on hand gave each of us a drop and we were entirely cured. This is a definite remedy and should be found in every household. H. C. Bailey, Editor. This remedy is for sale by Lee Beall.

A band of religious fanatics called Holy Rollers who have been running at large in Corvallis are being arrested for insanity. They are said to go bare-foot and partly naked. Their habits are more like brutes than humans.

Quick Arrest

J. A. Gullidge of Verona, N.Y., was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Buckle's Arnia Salve quickly arrested inflammation and cured him. It no longer aches and kills pains. 25¢ at Lee Beall's Drugstore.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the disease and weaknesses peculiar to women ever attain'd by the practitioners and makers of

Dr. Pierce's Favorite Prescription now find fully warranted in offering to pay \$500 in cash money for any case of Leucorrhœa, Neuralgia, Prolapsus, or Paroxysm of Women which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

As often a married woman or young girl does not know who to turn to for advice in circumstances where she dares not talk with the family physician about delicate matters. At such times write to Dr. R. A. Pierce, chief consulting physician to the Isthmus Hotel and Surgical Institute, of Buffalo, N.Y., for free consultation and advice, and this same will be held as strictly confidential. It is foolish to consult women friends or persons without medical training.

Dr. Pierce's Favorite Prescription contains no alcohol, is entirely vegetable and was the first exclusively woman's tonic on the market—it has sold more largely in the past third of a century than any other medicine for women.

All other compounds intended for women only made with alcohol, or alcohol is a large component—this alcohol injures the nerves. The little red capsules of the blood are shrunken by alcohol. All such compounds, therefore, do harm.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. Use them with the "Favorite Prescription" when a pill is required. One is a laxative, two, a mild cathartic.

Subscribers to The Examiner who remove from one locality to another, or change their postoffice address should remember to drop this office a card so their paper can be addressed to the right postoffice.
