COUNTY COURT

May 18, 1904—Court met pursuant to adjournment, all officers present except W. A. Currier, commissioner, absent. When the following proceedings were transacted, to-wit:

Whereas, it appears from a petition duly presented to this court and numerously signed by the leading taxpayers and citizens of this county, that on or about April 26, 1904, near Benjamin Lake, Lake county, which place is far remote from any settlement, about 2300 head of sheep were wantonly and unlawfully killed by some party or parties unknown to said petitioners, and that said petitioners urge that the county court of Lake county offer a reward for the arrest and conviction of said party or parties, and, whereas it appears from such evidence as has been obtained by the officers of said county that the parties who killed said sheep are now residents of Lake county, Oregon.

Now, therefore, in conformity with law and to the end that justice may be done, it is hereby ordered that the county court of Lake county, Oregon, while sitting for the transaction of county business, do offer and promise to pay the sum of one thousand dollars for the arrest and conviction of said party or parties who have wantonly and unlawfully killed said sheep.

Court Adjourned.

Our County Ticket.

(continued from page 1)

We do not believe there is a man on the republican county ticket that is in any way bound to either faction of the party, and is under any obligations to use the good office to which he aspires to the benefit of any faction, and we feel safe in assuring the voters that to vote a straight county ticket will not involve them in any factional difference that might exist in the county. All factions have lined up on the county ticket.

Notice.

To whom it may concern, Notice is hereby given, that I will not be responsible for any debt or debts contracted by any person other than myself, except on my written order.

GEO. WINKELMAN,

Dated, May 19, 1904.

An association of sheep and wool growers is in progress for the protection of their interests in this county and a permanent organization is contemplated to promote their industry in every respect. The sum of two thousand dollars has been raised, and is now available for offering a reward for the arrest and conviction of the parties who killed and mutilated the greater part of a band of sheep near Benjamin Lake on April 26, 1904.

We understand that the proprietor of a saloon in Lakeview, by the way the business house from which comes the bulk of Brattain's support gathered up what Examiners he could find last Wednesday evening and burned them. Such methods will not keep this paper from before the readers, and all we are afraid of is that the plant will be burned.

About \$40 was taken in from the Ladies Aid dinner, and an enjoyable evening was spent.
