

Some deadly music was discoursed by a theatrical brass band in Jackson, Miss. To advertise the show, the band paraded the streets. A mule stiffened its ears as it heard the walls from the brass band, dropped to the earth and gave up the ghost. The theatrical manager settled a claim made by the owner of the dead mule.

**Worst of All Experiences.**

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Lee Beall, Druggist.

Professor Shimose, inventor of the powder which bears his name, is a member of the Japanese corps and a chemist by education. Some years ago he analyzed mellinite and lydlite and devised the new composition now used by the Japanese as an explosive for shells.

**Thrown from a Wagon.**

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one third the time required by any other treatment. For sale by Lee Beall.

Polk county has another attack of oil fever. A new well is to be sunk on the Ben Whiteaker farm, between Dallas and Monmouth. There can hardly be any question about an abundance of oil underlying Oregon surface, the formation on this coast being similar to that in San Joaquin valley, California, notably in Tulare and adjoining counties, where oil has been extracted by the hundreds of carloads.

Foney Leonard and wife left here recently for Ukiah, Mendocino county where they will probably make their future home. They leave many friends in this county who join with us in wishing them prosperity and happiness in their new home. They have resided in Goose Lake Valley for a number of years and concluded to seek pastures new and fields more green—New Era.

**Triumphs of Surgery.**

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on the same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering that such injuries entail. For sale by Lee Beall.

When James Gordon Bennett's yacht arrived from Europe recently the persons who went aboard were astonished to see two cows. "What in the world does Mr. Bennett have cows on his yacht for?" a visitor inquired. "He does not like condensed milk," replied one of the officers, "so he carries his milk supply with him when he goes to sea. When he reaches port the cows are taken ashore and put out to grass. When we sail we carry enough fodder to supply the cows for a long voyage. The cows are of the finest grade and give an abundance of milk.

**Sued by his Doctor.**

"A doctor here has sued me for \$12.50 which I claimed was excessive for a case of cholera morbus," says R. White, of Cocheda, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Lee Beall.

At the democratic state convention held in Albany recently David B. Hill was busy every moment of the day. Toward evening he thought he would secure a few moments' respite and a little rest while being shaved. As he climbed into the barber's chair he handed the tonsorial artist a quarter of a dollar. "Is this a tip, sir?" inquired the knight of the shears. "No," replied Mr. Hill, "that's hush money. Now, not a word!"

**OREGON REPUBLICANS INDORSE PRESIDENT ROOSEVELT AND HIS POLICIES.**

The Republican party of Oregon, in convention assembled, congratulates the state and Nation upon the continued ascendancy of Republican principles and policies in our National Government and the unprecedented prosperity that has followed the maintenance of those principles and the enforcement of those policies.

The honor of the Nation has been fearlessly and sagaciously maintained at home and abroad, whether in the enforcement of law against defiant corporations, in vigorous protest against outrages on Americans in Syria, Jewish Massacres in Russia and unfavorable machinations of European powers in Asia.

President Roosevelt has redeemed his pledge to carry out the policies of the party as formulated by that great statesman and revered martyred President, William McKinley.

He has shown himself the foe of corruption in public life, the ardent champion and wise friend of the Army and Navy, and the firm believer in equal rights before the law to employer and employe, rich or poor, black or white.

Under his energetic leadership the Isthmian Canal, frustrated for a time by a Democratic President, is soon to be realized and to distinguish his Administration by one of the grandest engineering triumphs known to man.

We recognize the profound obligation under which Oregon rests to President Roosevelt for his active and determined effort on behalf of the Lewis and Clark Centennial, and we pledge ourselves to testify the sincerity of this appreciation by a rousing majority for the Republican ticket in June and again in November.

In this connection we especially indorse the tireless labors of Senators Mitchell and Fulton and Representatives Hermann and Williamson.

We instruct the delegates to this convention to the Republican National Convention at Chicago to vote first and last for Theodore Roosevelt for President, and to use all honorable means for bringing his nomination to pass.

**THE DELEGATION IN CONGRESS**

For the first time in years the State of Oregon is represented in both houses of Congress by a strong, harmonious, united and effective delegation, inferior to none from the West.

Their efforts in behalf of the Nation, their party and their state have been crowned with signal success, and we hereby express to them our confidence and esteem and pledge them our support in their further efforts to advance the interests of Oregon and the Pacific Coast.

**MONEY**

Thanks to the courage and wisdom of two Republican Administrations and four Republican Congresses, the money of the Nation has been securely established upon the gold standard, the standard of the enlightened nations of the world.

The per capita circulation is the largest in our history, and every dollar of paper and coin is as good as gold.

We commend the measures now pending in Congress, at the instance of Republican members, further amending the currency and banking laws in the direction of safety and elasticity.

**TARIFF**

We renew our allegiance to the principle of protection to American industries. The merits of the Dingley law are attested by the unprecedented prosperity of the Nation since its passage in 1897.

Schedules must be changed from time to time, as new conditions arise, but when the tariff is revised it must be by the friends, and not by the foes, of American industry.

**THE TRUSTS**

We heartily commend the fearless and determined course pursued by President Roosevelt and Attorney-General Knox toward the trusts, and we point with pride to the hostility aroused against the Administration among the speculators of Wall street and corporations that defy the law.

Obedience to the law against monopoly inflicts no hardship on any honest industry, and the action of the President in the Northern Securities merger and other cases has only served to check dangerous speculation and encourage every legitimate enterprise.

**THE PHILIPPINES**

We indorse the policy enunciated by President McKinley and followed by Secretary Taft of "the Philippines for the Filipinos," and we especially commend the earnest and persistent efforts made by Senator Mitchell for lower tariffs between the Philippines and the United States.

We hold that the Philippines must be retained by the United States for their own good as well as for a base of American influence in the Far East, but that justice requires the least possible burdens upon their commerce with the United States, that they may be cemented to us by ties of self interest and affection.

In the interest of Pacific development, we demand for the Philippines the same liberal and beneficent treatment that has been accorded to Hawaii and Porto Rico.

Proud of the history and achievements of our party, and especially of the present Administration and the beneficent results that our nation is receiving therefrom, and particularly our old Oregon Country, we confidently submit our cause to the patriotic citizens of our state for indorsement and earnestly appeal to them to show their gratitude and appreciation to President Roosevelt and our Republican leaders in Congress for honoring our history and aiding in the development of our matchless resources.
