**TO DEVELOP OUR STATE.**

An important move is on foot in the state, one of the most important for the development of Oregon that has ever been inaugurated. The move was started by the live, enterprising men of Portland to concentrate the efforts of the people of every section of the state, to place our interests before the world in a telling manner. The Baker City Democrat published an interview with Col. Bucher who said:

"Yes, I attended the banquet in the Commercial Club Rooms in Portland a few days ago and listened with considerable interest to what Mr. Richardson had to say on this subject of the formation of this Oregon Development League. If everybody would work along the lines that he proposes and all work and pull together Oregon would be the best known state in the Union in a short time. That is what we want. We want to be alive, up to date and progressive in every respect. If each one of us and all our cousins, uncles and aunts, for instance, would make a habit of writing intelligent letters and sending pamphlets and data newspapers and reliable reports to all our cousins, uncles and aunts living in the east, how long would it take for a large portion of the United States to know that Oregon was on the map?"

The O. R. & N. Co. under the recent efficient management of President A. H. Mohler, his associates General Passenger Agent A. L. Craig, and under the present management of Mr. Calvin and the same traffic department, has done and is doing much to make Oregon and the northwest generally known throughout the country and the world. But these efforts must have the co-operation of the people of the state and that co-operation must be hearty, spontaneous, continuous and directed in right channels. This, as I understand it, is the object of the proposed development league to unite the live people of all sections of the state in one common plan of promoting the industries of every part of Oregon.

"There is no doubt but what the railroads will do their part. They have already done their part. But the people at large have been slow and inactive; have been slow and irresponsible even when the train loads of visitors came here seeking information. I can see how a league of this kind properly conducted and its members pledged to work can be made to be of inestimable value to the entire state every county of which is larger than some of the eastern states.

"Let us go to Portland to this convention, pledge ourselves to work for Oregon, and then do the work in harmony with each other and with a common purpose.

No doubt there will be appeal in many quarters for Judge Parker, on the ground that he is better and safer than his party. But the party, not the man, is the real power. To put a dangerous party in power in the hope that its official head will be able to control it is a hazardous experiment.

STATE OF OHIO, CITY OF TOLEDO, Lucas County, ss.

Hall's Family Pills are the best.

Since in the opinion of Judge Parker, maintenance of the money standard is the most important of all things before the country, wouldn't it be wise to leave it in the hands of the party that established it and will maintain it, rather than turn it over to the party that has tried for years to upset it, and would again, if it could?

**One Lady's Recommendation Sold Fifty Boxes of Chamberlain's Stomach and Liver Tablets.**

I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who bought a box of them about a year ago. She never tires of telling her neighbors and friends about the good qualities of these tablets. -P. M. SHORE, Druggist, Rochester, Ind. The pleasant purgative effect of the tablets makes them a favorite with ladies everywhere. For Sale by Lee Beall.

Wm. Smock was in town last week and made this office a pleasant call.

Parker says he voted for Bryan both times he was a candidate for president. Bryan probably received at least one vote in Mr. Parker's precinct. So there you are; the Australian ballot, you know.

**Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

This remedy is certain to be needed in almost every home before the summer is over. It can always be depended upon even in the most severe and dangerous cases. It is especially valuable for summer disorders in children. It is pleasant to take and never fails to give prompt relief. Why not buy it now? It may save life. For sale by Lee Beall.

It is observed that Parker received several congratulatory telegrams but none of them happened to be from Bryan or Hearst.

**TYPHOID GERMS.**

The microscope shows that in the blood of every person suffering from typhoid the little germs can be found as shown above. They are supposed to get into the water or milk we drink. The germs multiply so that one germ is capable of producing about one hundred trillion germs in twenty-four hours. That is why if they ever get into the water supply of a town they multiply so fast that nearly everybody drinking the water comes down with the disease. There are exceptions, however, and they are the persons whose health is perfect, whose blood is pure, and liver active. When the germs get into a healthy body they are thrown off with the other poisons. Recent Chicago statistics show that one-eighth of all the deaths in the past two years in that city have resulted from pneumonia.

The best advice we can give is to put the body into a perfectly sound, healthy condition. Be assured that you have rich, red blood and an active liver.

Many years ago Dr. R. V. Pierce, who is consulting surgeon to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., found certain herbs and roots which, when made into an alterative extract (without the use of alcohol), seemed to be the very best means of putting the stomach, blood and vital organs into proper condition.

This seemed to him as close to nature's way of treating disease as it was possible to go. For over a third of a century Dr. Pierce's Golden Medical Discovery has had a wonderful sale and the cures resulting from its use are numbered by thousands. It is a tissue-builder, better than cod liver oil because it does not sicken the stomach, or offend the taste. It strengthens or renews the assimilative or digestive processes in the stomach and puts on healthy flesh when the weight of the invalid is reduced below the normal.

Accept no substitute for "Golden Medical Discovery." Nothing else is "just as good."  
Dr. Pierce's Pellets cure biliousness.

**Drying preparations simply develop dry catarrh: they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.**  
The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
