A BUSINESS PROPOSITION

If you are going east a careful selection of your route is essential to the enjoyment of your trip. It is a business trip time is the main consideration; if a pleasure trip, scenery and the convenience and comforts of a modern railroad. Why not combine all by using the ILLINOIS CENTRAL, the Up-To-Date Road, running two trains daily from St. Paul and Minneapolis and from Omaha to Chicago. Free Reclining Chair Cars, the famous Buffet-Library-Smoking Cars, all trains vestibuled. Tickets reading via the Illinois Central will be honored on these trains and no extra fare charged. Our rates are the same as those of inferior roads—why not get your money's worth. Write for particulars.

J. P. Duke was in town Saturday looking for hay hands. He says his hay crop is good this year. Goose Lake valley has been fortunate this season, in not being visited by any destructive frosts as some of our neighboring valleys have been. Very little, if any, damage has resulted from frosts.

WEEKLY WEATHER REPORT.

Below we give a report of the weather as recorded by the Government weather bureau station at The Examiner Office. This report is changed each week, and if our readers wish to keep a yearly record of weather conditions for future reference, cut out the report along the black line and paste it in a scrap book one week after another. This record will be taken on Tuesday to end each week and begin on Wednesday for the next week.

Coming with 600 Rams.

We received a letter first of the week from L. B. Lafollett, who was in our town a few weeks ago investigating the buck market. As will be seen by the advertisement in this issue of Lafollett & Collins, these gentlemen will be here soon with 600 head of their fine rams. They have the best breed of sheep known to Lake county sheepmen, and have built up a good trade here. They left Prineville on the 20th with the bucks. Sheepmen may learn of their arrival here by watching The Examiner.

Died on the West Side.

"Grandma" Fisher died at the Fisher ranch on the West Side Monday. Mrs. Fisher was aged about 81 years, and had been a resident of Goose Lake valley many years. We could not get full particulars about her or how many relatives she leaves, but three sons, Andrew, J. B. and Marshall Fisher are all well known in this county, and the family are highly respected by all.

The remains were interred in the Drews Creek cemetery yesterday. Rev. Summerville conducted the funeral services.

Enjoys a Trip to Willow Ranch.

A. Y. Beach and family went to Willow Ranch last week to visit Isaac Robnett and family. While down there Mr. Beach had an opportunity to try his hand at buccaroing. He helped Mr. Robnett move his cattle from Lossen creek to the ranch. He was given a horse to ride and shown how to handle the beast and how to sit upon it, with one foot on either side, in fact was given full instructions, except as to the use made of the saddle horn. However, Al soon found urgent use for this part of the saddle, and that he put it into actual service is evidenced by the callouses on his hands.

Mr. Beach did not fail to take notice of the abundant hay crops of that part of the valley, and he also states that there will be lots of fruit of all kinds. Some orchards are a little short on apples, but generally the yield will be good. Grain crops are a trifle short, although barley will yield fairly well. Grain harvesting will soon commence in that section, barley being almost ready now. Several new buildings are going up at Pine Creek, and the future of that little town is very bright indeed.
