### A BUSINESS PROPOSITION

If you are going east a careful selection of your route is essential to the enjoyment of your trip. If it is a business trip time is the main consideration; if a pleasure trip, scenery and the convenience and comforts of a modern railroad. Why not combine all by using the ILLINOIS CENTRAL, the Up-To-Date Road, running two trains daily from St. Paul and Minneapolis and from Omaha to Chicago. Free Reclining Chair Cars, the famous Buffet-Library-Smoking Cars, all trains vestibuled. Tickets reading via the Illinois Central will be honored on these trains and no extra fare charged. Our rates are the same as those of inferior roads—why not get your money's worth. Write for particulars.

### Begin To-day,

You've no idea how a little money saved now and then counts up. Little savings you hardly miss, soon mount up to comfortable sums.

### A Savings Account

have been the basis of many a man's success in life. To have the money when the splendid opportunity comes often means a fortune. We take deposits from a dollar up.

### First National Bank of Lakeview, Oregon. Capital Stock \$50,000.00

### WEEKLY WEATHER REPORT.

Below we give a report of the weather as recorded by the Government weather bureau station at The Examiner Office. This report is changed each week, and if our readers wish to keep a yearly record of weather conditions for future reference, cut out the report along the black line and paste it in a scrap book one week after another. This record will be taken on Tuesday to end each week and begin on Wednesday for the next week. Government Weather Bureau Station at Lakeview, Oregon.

C. O. METZGER, Local Observer.

Week ending Tuesday, Aug. 2, 1904.

### Roosevelt Accepts.

President Roosevelt's speech of acceptance was a masterful one. Brief as it was, he incorporated in it all the vital issues of the coming campaign and pictured plainly the achievements of the republican party in the past seven years of its rule. He emphasized the confidence which the administration had secured through its long and zealous struggle to accomplish the victorious end to which it strove. He pointed out that the democratic party were asking to be trusted with the cares of government without as much as proof of their sincerity. He reiterated the well known fact that under republican rule the government had prospered, and while the democrats did no more than to make promises, the republicans had "made the deed square with the word."

### Ticks Carry Disease.

Dr. Ralph Matson, bacteriologist of the State Board of Health, has proved that the germs of the spotted fever are animal protozoa. Ticks which live upon the bodies of ground-squirrels or gophers carry the disease germs into the human body through their bites, and 90 per cent of cases will prove fatal to the victim.

Dr. Matson is now searching for some anti-toxin which will nullify the bite of the tick. But so long as there are millions of gophers there will be more millions of ticks to carry the spotted fever germs to the human body.

### Shows From High Point.

In referring to the newly erected gauge on the city reservoir, in last week's issue, we neglected to state that it can be seen to its best advantage from the tower of the new city hall which the City Dads started to build several months ago.
