

Tips About Your Timepiece.
A watch should be wound up every day at the same hour. Avoid putting it on a marble slab or on anything excessively cold, as the sudden change of temperature, contracting the metal, may sometimes cause the mainspring to break. The cold coagulates the oil, and the pivots and wheels, working less freely, affect the regularity of the time-keeper. In laying aside a watch be sure that it rests on its case. If suspended the action of the balance may cause oscillation, which will interfere with its going. To keep your watch clean take care that the case fits closely and see that your pockets are free from fluff which is so often given off by cotton, cloth or calico linings.

Origin of Cotton Thread.
Ex-Provost Clark of Paisley, England, has been relating the origin of cotton sewing thread, which was first used in that town in the weaving of "heddles" as a substitute for silk, which was stopped by Napoleon in 1803, when he seized Hamburg. Mr. Clark's grandfather and his brother then bethought them of cotton, which worked so smoothly that Mr. Clark's father, then a youth, took to recommending it to women instead of linen, the most used.

Their Different Errands.
An English landowner out unusually early one morning for a walk on his estate in turning a corner came suddenly upon an Irishman whom he knew as an inveterate poacher. This is the conversation that took place between them: "Good morning, Pat." "Good mornin', yer haner. An' phwat brings yer haner out so airly this mornin'?" "I'm just walking around, Pat, to see if I can get an appetite for my breakfast. And what brings you out so early, Pat?" "Och, be jabbers, Oi'm jest walkin' around to see if Oi can't git a breakfast fer me appetite!"—What to Eat.

OREGON REPUBLICANS INDORSE PRESIDENT ROOSEVELT AND HIS POLICIES.
The Republican party of Oregon, in convention assembled, congratulates the state and Nation upon the continued ascendancy of Republican principles and policies in our National Government and the unprecedented prosperity that has followed the maintenance of those principles and the enforcement of those policies.
The honor of the Nation has been fearlessly and sagaciously maintained at home and abroad, whether in the enforcement of law against defiant corporations, in vigorous protest against outrages on Americans in Syria, Jewish Massacres in Russia and unfavorable machinations of European powers in Asia.
President Roosevelt has redeemed his pledge to carry out the policies of the party as formulated by that great statesman and revered martyred President, William McKinley.
He has shown himself the foe of corruption in public life, the ardent champion and wise friend of the Army and Navy, and the firm believer in equal rights before the law to employer and employe, rich or poor, black or white.
Under his energetic leadership the Isthmian Canal, frustrated for a time by a Democratic President, is soon to be realized and to distinguish his Administration by one of the grandest engineering triumphs known to man.
We recognize the profound obligation under which Oregon rests to President Roosevelt for his active and determined effort on behalf of the Lewis and Clark Centennial, and we pledge ourselves to testify the sincerity of this appreciation by a rousing majority for the Republican ticket in June and again in November.
In this connection we especially indorse the tireless labors of Senators Mitchell and Fulton and Representatives Hermann and Williamson.
We instruct the delegates for this convention to the Republican National Convention at Chicago to vote first and last for Theodore Roosevelt for President, and to use all honorable means for bringing his nomination to pass.

THE DELEGATION IN CONGRESS
For the first time in years the State of Oregon is represented in both houses of Congress by a strong, harmonious, united and effective delegation, inferior to none from the West.
Their efforts in behalf of the Nation, their party and their state have been crowned with signal success, and we hereby express to them our confidence and esteem and pledge them our support in their further efforts to advance the interests of Oregon and the Pacific Coast.

MONEY
Thanks to the courage and wisdom of two Republican Administrations and four Republican Congresses, the money of the Nation has been securely established upon the gold standard, the standard of the enlightened nations of the world.
The per capita circulation is the largest in our history, and every dollar of paper and coin is as good as gold.
We commend the measures now pending in Congress, at the instance of Republican members, further amending the currency and banking laws in the direction of safety and elasticity.

TARIFF
We renew our allegiance to the principle of protection to American industries.
The merits of the Dingley law are attested by the unprecedented prosperity of the Nation since its passage in 1897.
Schedules must be changed from time to time, as new conditions arise, but when the tariff is revised it must be by the friends, and not by the foes, of American industry.

THE TRUSTS
We heartily commend the fearless and determined course pursued by President Roosevelt and Attorney-General Knox toward the trusts, and we point with pride to the hostility aroused against the Administration among the speculators of Wall street and corporations that defy the law.
Obedience to the law against monopoly inflicts no hardship on any honest industry, and the action of the President in the Northern Securities merger and other cases has only served to check dangerous speculation and encourage every legitimate enterprise.

THE PHILIPPINES
We indorse the policy enunciated by President McKinley and followed by Secretary Taft of "the Philippines for the Filipinos," and we especially commend the earnest and persistent efforts made by Senator Mitchell for lower tariffs between the Philippines and the United States.
We hold that the Philippines must be retained by the United States for their own good as well as for a base of American influence in the Far East, but that justice requires the least possible burdens upon their commerce with the United States, that they may be cemented to us by ties of self interest and affection.
In the interest of Pacific development, we demand for the Philippines the same liberal and beneficent treatment that has been accorded to Hawaii and Porto Rico.
Proud of the history and achievements of our party, and especially of the present Administration and the beneficent results that our nation is receiving therefrom, and particularly our old Oregon Country, we confidently submit our cause to the patriotic citizens of our state for indorsement and earnestly appeal to them to show their gratitude and appreciation to President Roosevelt and our Republican leaders in Congress for honoring our history and aiding in the development of our matchless resources.
