LAKEVIEW, OREGON, AUG. 18, 1904.

NATIONAL REPUBLICAN TICKET

For President
THEODORE ROOSEVELT
Of New York

For Vice-President
CHARLES W. FAIRBANKS
Of Indiana

The Republican candidates are running on a gold platform; the Democratic on a gold telegram.

The Democrats are looking for a new party emblem, the only requirement being that it be made large enough to conceal a knife.

Every vote for Parker and Davis is an attempt to change the hands on the dial and block the wheels that move forward.

"Tammany extends her hands to the Democratic candidate," says Forke Cockran. Tammany always extends her hands palms up.

No Republican convention has ever found it necessary to revise its platform to comply with a telegram of instructions, from its nominee.

Turkey has completely worn out the patience of the United States, and "Uncle Sam's" battleships have been asked to emphasize our government's demands.

The Democratic platform of 1900 said: "We are unalterably opposed to monometallism." That declaration has not been changed by the action of the party in national convention.

Democratic orators are insisting that Senator Lodge wrote the Republican platform. The Republican platform was written in the records of eight years of glorious party achievement.

"We have made the deed square with the word," said President Roosevelt in accepting the nomination officially tendered him. This short sentence is full of meaning, and will be the campaign slogan.

The U. S. District Attorneyship is now giving the Oregon delegation some thinking to do. Geo. C. Brownell has withdrawn his candidacy and now the plum is likely to fall in the hat of either J. C. Moreland or John H. Hall, the present incumbent. Senator Mitchell and Congressman Williamson favor Moreland, while Senator Fulton and Congressman Hermann hold out for the retention of John Hall.

Every state in the Union was called upon to send representatives to St. Louis, involving heavy expense to the democratic party and delegates, to frame a platform upon which the democratic candidate should stand during the campaign of 1904. For six long days these hundreds of delegates tussled and worked with the question of a safe and sane platform. One short telegram from one man in New York undone the work which required several hundred of the wisest of democratic statesmen six days to accomplish, and in this brief telegram framed a platform to suit himself, which has been accepted by the party.

Terrible Train Wreck

One hundred lives were blotted out by the wreck Sunday night Aug. 7, of the Missouri Pacific flyer, on the Denver & Rio Grande Railroad, near Eden, eight miles north of Pueblo. The train struck a weakened bridge over an arroyo, which had been flooded by a cloudburst. The water was flowing over the trestle when the train started across. The bridge went down under the weight of the train, and the baggage car, smoker and chair car were precipitated into the torrent. The engine got almost across, but fell back into the water. The body of Engineer Hinman was found 200 feet down the river.

All the cars were washed down stream. The express safe was found open and its contents gone. The cars were found four miles from the scene of the accident, half filled with sand, in which were buried the bodies of many passengers. The cars were not located until several hours after the time of the accident.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, 75 cents per bottle. Hall's Family Pills are the best.

The pith of President Roosevelt's speech of acceptance is found in the sentence: "We know our own minds and have kept of the same mind a sufficient length of time to give our policy coherence and sanity." There is no answer to that statement.

Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precedes suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve, will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by Lee Beall, Druggist.

"Our policy is continuous," said President Roosevelt in his speech of acceptance. The Democrats follow the plan of the vaudeville managers and present a new policy at each appearance.

One of the greatest American millionaires once said to his physician, "A million dollars, Doctor, for a new stomach," and then the sick man groaned and turned away. One of a man's greatest pleasures is that born of a keen appetite, vigorous digestion and a good dinner, and this belongs to many a good fellow who is living on small wages, but the rich man without a stomach has to forego the good things of the table because his stomach rebels. Without a healthy stomach and a good digestion, our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. In this condition man is prey to the germs of influenza, consumption, malaria and all the ills that he is heir to. Consumption can be treated by natural methods which are as close to nature as possible.

Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood this disease, and after a long period of experiment discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that would be easily procured and ready to use. This he called Dr. Pierce's Golden Medical Discovery. It gives no false stimulation because it contains no alcohol and no narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. Instead of a cod liver oil, against which the already sensitive stomach will declare open rebellion, this tonic has a pacifying action upon the sensitive stomach and gives to the blood the food elements the tissues require. It maintains the patient's nutrition by enabling him to eat, retain, digest and assimilate nutritious food. It overcomes gastric irritability and symptoms of indigestion, and in this way fever, night-sweats, headaches, etc., are done away with. It fortifies the body against the germs of consumption, grip and malaria, and it builds up the tissues and puts on healthy flesh.

When the druggist says he has something that is "just as good" as Dr. Pierce's Golden Medical Discovery, he says so because he hopes to make a better profit, but his own mixtures have not stood the test of long experience nor had the success that Dr. Pierce's medicines have had.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size, Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
