There are many log cabins in the Adirondacks that cost their owners over \$100,000 apiece. Even interior furnishings of some are of logs. One has a piano of log design, the whole frame being made of seasoned birch logs.

Japanese postage stamps are rated as the most artistic in the world. There is a great demand for them in London at present. The first stamps were issued in 1871. There are few rare ones, the highest price ever known to have been paid for one being \$50.

We are now prepared to sell several tracts of land at prices that will startle you, especially if you are acquainted with the location. We have land all the way from \$1.50 per acre up to \$15; unimproved or improved, to suit the purchaser. Lake County Examiner.

The Examiner has an 8-acre tract of land for sale at a bargain; the land lies in a body in the northern part of Lakeview, and is now set to clover and timothy, and yields 20 tons of hay a year, leaving a valuable pasture. The hay sells at the top price in Lakeview. The tract is a desirable one, either to retain in one piece or to cut up into lots for residences. Anyone desiring to build a home in Lakeview will do well to investigate this proposition.

Anthony J. Drexel Biddle, the Philadelphia millionaire, is by far the most democratic of all the rich people at Atlantic City this year. Nearly everyone calls him "Tony Biddle" and he seems to like it. One day an overzealous New York newspaper photographer took aim at Mr. Biddle with a camera. The millionaire yelled: "Cut that out, young fellow, or I'll hand you one that you won't forget in a hurry." As the millionaire is well known to be "very handy with the gloves," the photographer obeyed and hastily departed.

### BILIOUSNESS AND CONSTIPATION CURED BY THEDFORD'S BLACK-DRAUGHT

Because the liver is neglected people suffer with constipation, biliousness, headaches and fevers. Colds attack the lungs and contagious diseases take hold of the system. It is safe to say that if the liver were always kept in proper working order, illness would be almost unknown.

Theford's Black-Draught is so successful in curing such sickness because it is without a rival as a liver regulator. This great family medicine is not a strong and drastic drug, but a mild and healthful laxative that cures constipation and may be taken by a mere child without possible harm.

The healthful action on the liver cures biliousness. It has an invigorating effect on the kidneys. Because the liver and kidneys do not work regularly, the poisonous acids along with the waste from the bowels get back into the blood and virulent contagion results.

Timely treatment with Theford's Black-Draught removes the dangers which lurk in constipation, liver and kidney troubles, and will positively forestall the inroads of Bright's disease, for which disease in advanced stages there is no cure. Ask your dealer for a 25c. package of Theford's Black-Draught.
