Sarah Bernhardt has committed stage suicide nearly 30,000 times 10,000 by poison, 7000 by jumping into the Seine, 5000 by revolver bullet and 5000 by dagger.

James A. Reed, who was a candidate for the democratic nomination for governor of Missouri against Joseph W. Folk, is a northerner, having been born and raised in Iowa.

Cesar Zameta, a well known Spanish-American writer, has been made editor of a new publication entitled "El-Americano," which will be printed in New York city in the Spanish language.

Professor W. F. King, chief astronomer for the Canadian government, is undertaking the resurvey of the Alaskan boundary in accordance with the recent award of the Alaskan commission.

Alexander J. Cassatt finished his education at Heidelberg university at 20 years of age and joined a surveying party in Georgia. Then he entered the service of the Pennsylvania Railroad company as a rodman, from which position he worked his way up.

Jonathan P. Dolliver received his education in the West Virginia university, and then started out for himself by going west and teaching school. He opened a law office at Fort Dodge when 21 years old, and was soon after elected to the office of city solicitor which he held until 1888, when he first ran for congress.

"Nothing succeeds like success" is the old English saying, but Ernest Terah Hooley, the English bankrupt millionaire, would probably say that "nothing succeeds like failure." Mr. Hooley failed for \$5,000,000 in 1898, yet he has lived better since than many a man who has not had the luck to become a bankrupt.

Two imperial princes, one the brother and the other the second son of the shah of Persia—uncle and nephew being about the same age—are in flight and have sought refuge at Constantinople, where their extradition is being demanded by the Persian envoy. They are, it is said, implicated in a plot upon the life of the king of kings.

Countess Tolstoy does not agree with her husband in all his theories, but she agrees with the world which worships him, and is very proud of him, and very devoted, although her devotion has been severely taxed in several ways. She has copied yards of unreadable manuscript, while babies of various sizes were pulling at her skirts; she has translated books into three or four languages, and has transformed all sorts of garments to meet the needs of the changing 16, her children.

Of all fruits Zanzibar apples are perhaps the rarest. Dozens of trees together will only bear a few, and the time of picking them has to be carefully selected. They must be gathered just a month before they ripen, otherwise they will very quickly spoil. These apples have reached the enormous price of \$100 each. They are not large, probably containing about 10 bites at \$10 a bite.

King Peter is now at the Servian health resort of Ribarska Bonya, the medicinal springs of which are analogous to those of Carlsbad, and his action in spending his holiday there instead of proceeding to some fashionable health resort abroad, as both Kings Alexander and Milan were in the habit of doing each year, has given considerable satisfaction to his people.

**Special Excursions to St. Louis.**

August 8, 9 and 10, September 5, 6 and 7 and October 3, 4 and 5 are the remaining dates upon which tickets will be sold at the reduced rates to the St. Louis Fair. These rates apply over the Denver and Rio Grande and Missouri Pacific. For the patrons of these roads special excursion cars will be run through from Portland and St. Louis without change.

See the many points of interest about the Mormon Capital and take a ride through Nature's picture gallery. During the closing months travel to the Fair will be very heavy. If you contemplate going write W. C. McBride, general agent at Portland for the Denver and Rio Grande, for particulars of these Excursions.

The first woman motorist, it is said, was Mrs. John Biddulph Martin of Morton Park, Worcestershire, England, the widow of Mr. Martin of Martin's bank. Mrs. Martin was not only the first lady to appear on a motor car in Hyde Park, but also the first woman to take a motor car tour on the English country roads and to visit scores of lovely villages almost entirely unknown to travelers.

The Italian novelist Salvatore Farina recently delivered an address before the Society for Psychic Research at Milan, in which he minutely described the case of an author who six years ago completely lost his memory for language and names, while otherwise his mind was more active and wide awake than ever before. At the expiration of that period the memory returned. In concluding his lecture the speaker confessed that he was the author in question.

**Colds. Their Proper Treatment and Cure.**

Commonly, the first symptom of a "cold" is a chilly feeling, accompanied by sneezing, or a tickling in the throat. The most frequent of external causes are draughts, wet or cold feet, or going from hot rooms suddenly into cold ones. More frequently there is an inner cause—namely the stagnation of the blood caused by constipation or biliousness. Almost the first symptom is the feeling of cold in the feet and increased discharge from the nose.

No one ever takes cold unless constipated, or exhausted, and having what we call mal-nutrition, which is attended with impoverished blood and exhaustion of nerve force. Tonics consisting of large portions of alcohol, iron or cod liver oil do not bring the desired changes in the blood, because they do not enter the system and are not absorbed into the blood, with the exception of the alcohol, which shrivels up the red blood corpuscles when it does come in contact with them. We recommend the botanical extract of Dr. Pierce because it contains no alcohol, and offers a reasonable and scientific method of treating the blood, by improving the nutritive functions of the patient. The "Golden Medical Discovery" accomplishes this, by first restoring the enfeebled digestive organs, so that food, the natural tissue builder, will be digested and assimilated.

Accept no substitute for Dr. Pierce's Golden Medical Discovery. There is nothing "just as good" for diseases of the stomach.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size, Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
