ROOSEVELT AND FAIRBANKS.

NATIONAL REPUBLICAN TICKET

For President

For Vice-President

CHARLES W. FAIRBANKS
Of Indiana

THE TARIFF HELPS THE FARMER.

Year after year since the inauguration of William McKinley and the accession of his successor, Theodore Roosevelt, and during the continued operation of our present protective tariff the farm products of the country, without regard to the quantity harvested, have netted the farmer more than a billion dollars in excess of the value received during the operation of the Wilson-Gorman tariff law under the administration of Grover Cleveland. This by no means, however, measures the increased value to our farmers, as another billion dollars must be added as the increased value of farm animals. It is not likely that the farmers either West or East, North or South, care to change existent conditions and go back to the low values and to the cheap markets of 1894, 1895 and 1896.

No truer words were ever spoken than those of Senator Fairbanks in his speech of acceptance wherein he said: "President Roosevelt has been confronted with large and serious questions. These he has met and solved with high wisdom and courage. The charges made against him in the Democratic platform find an irrefutable answer in his splendid administration, never surpassed in all the history of the Republican party and never equaled by the party which seeks to discredit it."

By the time Sheehan, Belmont and other gold democrats of New York, and Tom Taggart, who was elected chairman of the National democratic committee, find out who really is boss, the campaign will be over and Roosevelt's big majority will make it apparent to these wrangling democrats that it matters little who is boss.

"I believe incidental protection to our own industries is right and proper," said Henry G. Davis in the American Senator. "This is the same Henry G. Davis who pronounced as 'admirable' the St. Louis platform which declares that protection is 'the pathway of the nation to wealth the few.'"

"There is no doubt that Judge Parker thinks it expedient to declare that the gold standard is 'irrevocably established,' but we would like to know before the campaign is over whether Judge Parker believes in the gold standard against which he voted in 1896 and 1900.

A man in North Walloboro, Me., while cutting wood had the misfortune to cut a deep gash in his leg, which owing to a very peculiar mistake came near being much more serious than the circumstances would warrant. His leg was corded, and he was taken to Walloboro village, a distance of six or seven miles, for surgical treatment. Upon arriving there the injured man was found to be at death's door from the loss of blood, and it was then discovered that the cord had been tied around the wrong leg.

Special Excursions to St. Louis.

August 8, 9 and 10, September 5, 6 and 7 and October 3, 4 and 5 are the remaining dates upon which tickets will be sold at the reduced rates to the St. Louis Fair. These rates apply over the Denver and Rio Grande and Missouri Pacific. For the patrons of these roads special excursion cars will be run through from Portland and St. Louis without change. See the many points of interest about the Mormon Capital and take a ride through Nature's picture gallery. During the closing months travel to the Fair will be very heavy. If you contemplate going write W. C. McBride, general agent at Portland for the Denver and Rio Grande, for particulars of these Excursions.

The Eugene Guard says it is rumored that the Southern Pacific will put its lands on the market within a couple of months. This sale would greatly facilitate development in Southern Oregon, for not only is the land held out from settlement now, but even prospecting for minerals is almost at a standstill, no one caring to develop a mine on property that cannot be purchased.

Sheep or Cattle Ranch.

More ranches for sale. This time a sheep ranch of 14 forties lying along Pitt River, and controls a vast range on the banks of the river and for miles back. This stock ranch is a snap at \$6800. Write to the Lake County Examiner for particulars.

In addition to the above 14 forties there are 3 forties lying 4 or 5 miles distant, on which there are two large springs. The above price is for the entire 17 forties.

R. N. Stanfield, Asst. Thomson and J. B. Saylor, of Echo, last Saturday disposed of 200 head of fat beef cattle to Frye-Bruhn company, of Seattle, and the Union Meat company at Portland. The price paid was \$2.75 per hundred. The animals are ready for shipment.—Blue Mountain Eagle.

The Mammoth and the Mosquito

What has come to pass in thousands of years seems hardly credible. Primitive man, a weakling in comparison to modern man, was able to conquer the huge monsters of thousands of years ago, such as the Mammoth, and to-day they are dead forever; yet the mosquito and fly have never been conquered. It is now time for the scientist to devise methods for killing the mosquito and fly, so that they will go to join the mammoth and the monster lizard. The mosquitoes and flies are dangerous enemies of man because they spread contagion. The mosquito often carries the germ of malaria with his bite. The house-fly spreads germs of disease over our food. These bacterial germs, ever hunting for the weak spot, find a place in our blood, and then we suffer from grip, catarrh, consumption, or malaria.

Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., says: "There would be no grip epidemics, the germs of consumption, or malaria would find no place in the human system, if the blood were pure, if the lungs, heart and other organs were fed in good blood. Poison should not be allowed to accumulate in the body; to be safe it is best to take a gentle laxative at least once a week." Such a vegetable laxative as Dr. Pierce's Pleasant Pills contains nothing which could harm the system.

For putting the blood in order, and as a tissue-builder and tonic for those weakened by coughs, colds, catarrh, grip, nothing will build one up quicker than Dr. Pierce's Golden Medical Discovery. This is a medicine made entirely of roots and herbs, without the use of alcohol.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for paper covered, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.
