

Senator "Joe" Blackburn's politeness was disastrous to him upon one occasion. He was making a trip to the mountains in the eastern part of Kentucky, and made his stopping place at a farmhouse at a remote point from the city. On the day of his arrival he was rather late for dinner and the lady of the house apologized for the coffee, which at that time was lukewarm. "Oh, I do not mind it in the least, madam," said Senator Blackburn; "I really prefer my coffee cold, you know." It was served cold during the remainder of his two weeks' stay.

**An Excellent Proposition.**  
This week we have added to our long list of valuable properties for sale, one of the best ranches in Goose Lake valley. The ranch contains 365 acres of fine land, 250 under cultivation partly in grain and the rest in timothy. Abundant crops are produced, and all the uncultivated land can be put under water from Lassen Creek, which runs through the middle of the farm. There is absolutely no limit to the water. The land is fine for alfalfa, borders on Goose Lake, and is all under fence. On the ranch, most beautifully located near a good orchard and large berry patch where grows all kinds of fruit, and in a beautiful grove of shade trees is a 12-room dwelling, 30 x 18, 20 feet high, with large L. kitchen worth \$3,000; a good barn, wagon shed, granary, chicken house, work shop, and all convenient outbuildings. All kinds of garden stuff grows abundantly, no frost. Best sheltered place for stock in winter in Goose Lake valley, very little snow. Close to summer range. Stream abounds with fish.

**COMPOUND INTEREST**  
The trouble with most advertisers is that they expect immediate returns of large proportions. One prominent advertiser illustrates the principle of advertising in this way:  
"The money expended for advertising is the same as if placed at interest. The profits from the advertising are virtually the interest on the investment."  
"The sum spent for advertising are properly chargeable to capital account because the resulting good will is something that has value, which, if the advertising has been properly done, can usually be sold for the face value of the investment."  
"The rate of interest is determined by the skill with which the investment is made."  
"Just as the quickest way to increase invested wealth is by compounding the interest, just so the quickest way to realize results from advertising is to compound the returns."—Advertising Experience.  
Advertisers get good returns on the amount invested in our columns. We reach the people.
