

Deafness Cannot be Cured

by best application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; true cases of deafness are caused by Catarrh of the Eustachian Tube. Said by Druggists, 15: Hall's Family Pills are the best.

Mr. and Mrs. Ed. McKinney left early this morning in an automobile for Klamath Falls where they expect to attend the races. The Ashland-Klamath Falls wagon road which they traverse has some heavy grades that have as yet been little tested by automobilists. McKinney expected to be able to cover the distance across the mountains to the Falls in a day.—Ashland Tidings.

An Excellent Proposition.

This week we have added to our long list of valuable properties for sale, one of the best ranches in Goose Lake valley. The ranch contains 365 acres of fine land, 250 under cultivation partly in grain and the rest in timothy. Abundant crops are produced, and all the uncultivated land can be put under water from Lassen Creek, which runs through the middle of the farm. There is absolutely no limit to the water. The land is fine for alfalfa, borders on Goose Lake, and is all under fence. On the ranch, most beautifully located near a good orchard and large berry patch where grows all kinds of fruit, and in a beautiful grove of shade trees is a 12-room dwelling, 30 x 18, 20 feet high, with large L kitchen worth \$5000, a good barn, wagon shed, granary, chicken house, work shop, and all convenient outbuildings. All kinds of garden stuff grows abundantly, no frost. Best sheltered place for stock in winter in Goose Lake valley, very little snow. Close to summer range. Stream abounds with fish.

COMPOUND INTEREST

The trouble with most advertisers is that they expect immediate returns of large proportions. One prominent advertiser illustrates the principle of advertising in this way:

"The money expended for advertising is the same as if placed at interest. The profits from the advertising are virtually the interest on the investment.

"The sums spent for advertising are properly chargeable to capital account because the resulting good will is something that has value, which, if the advertising has been properly done, can usually be sold for the face value of the investment.

"The rate of interest is determined by the skill with which the investment is made.

"Just as the quickest way to increase the value of an investment is to compound the returns."—Advertising Experiences.

Advertisers get good returns on the amount invested in our columns. We reach the people.
