Hotel Building....

WE'LL TELL YOU

Without waste of time or words the reason why you should buy here. The talk we give is business from start to finish. It's no fairy tale it's real business.

You probably have some place where you buy all of your goods-- you just happened to go there and have kept it up ever since.

If the price does not make any difference to you, keep on going to that store.

If the price does make a difference and you want to buy the best quality goods at the least possible cost, the only thing to do is to buy your goods at Bieber's Cash Store. There is not a store in this county that comes anywhere near meeting our prices. Every store in the county does extensive credit business, ours is STRICTLY CASH ---that's where the difference comes in.

You run no risk in buying here---money back instantly if you are not satisfied.

Think it over---but better yet, talk it over with some fellow who trades here. He knows.

Meat for Their Labors.

Loren Bailey and Al Cheney returned Saturday from their week's deer hunt in the Dog lake country. They indulged in a good round of boasting over Lee Beall, V. L. Snelling and Harry Bailey, who were hunting in the same locality for a week without success. The boys brought in three fine deer. They say deer are quite plentiful out there, they having seen one band of about 20, and several smaller bunches.

Their trip was not without amusing incident. On the first day they returned to camp after dark to find it occupied by an unwelcome visitor, which had feasted upon their butter to such an extent that their supply was about exhausted. The intruder returned a short time after they went to bed, and even poked his head into the tent. A shot from one of their rifles left fathoms enough on the ground to warrant the belief that a wildcat had been there.
