At this time of year an epidemic of diphtheria might take half of the children in the valley.

PIGS FOR SALE.—A number of thoroughbred Poland China pigs, imported from Illinois—bred from prize-winner at the Illinois State Fair, and closely related to the winner at the International Stock Fair held at Chicago in 1903. Come and look at these pigs whether you want to buy or not at the C. M. Oliver ranch, 3 miles south of New Pine Creek. 44

C. H. Markham, for several years employed by the Southern Pacific Co., and who has worked up to General manager, has sent in his resignation, to take effect as soon as Mr. Harriman can find a man to take his place. The honor, it is believed, will go to Ed. E. Calvin. Mr. Markham is offered a more lucrative position at the head of an Oil Co., in Texas.

Attorney C. H. Dalrymple, who has been a practicing attorney in Lakeview for several years took his departure for Ashland last Saturday, where he believes he will find a better field for his labors. Mr. Dalrymple is a very able counselor, and it is hoped by his many friends here that he will meet with prosperity in his new field. He has the promise of a partnership in a good law firm in Ashland, but he had not decided just what he would do, and would not decide until he reached there and looked over the prospects.

MEDALS OF HONOR COPIED.

Ruthless Piracy Practiced Upon Designs Adopted by the United States Government.

In nearly all the countries of Europe medals of honor issued by the government or the sovereign to people deserving recognition for distinguished services in the army, navy or pursuits of civil life are protected by law from imitation. It is a penal offense in England, for instance, for an individual or a society to issue a bronze bearing a resemblance to the Victoria cross. Although the genuine token is of trifling intrinsic value, to possess one is the highest ambition of the British soldier or sailor. In this country, however, says an exchange, there is no penalty attached to the wearing of imitations of the medals that may have been worn on the field of battle.

Because the Grand Army of the Republic and other societies have copied the original design of the medal of honor issued by the United States government it is proposed to call in all these emblems and adopt an entirely new design. A bill to accomplish this is now pending in the senate, having been favorably reported by the committee on military affairs. A great deal of complaint has been made over the custom of various patriotic organizations of copying the medal of honor given in recognition of deeds of valor on the part of army and navy men. The insignia of the Grand Army of the Republic are almost precisely the same and many others are so similar in general appearance that it is difficult to distinguish the medal or badge of honor, when on the wearer, from the insignia worn by members of military, fraternal, charitable and other associations.

Designs have been prepared which will furnish new medals and rosettes entirely different from those adopted for other purposes and which are more appropriate for the purpose in question. For instance, the present emblem worn in lieu of the medal is a double bow-knot of narrow red, white and blue ribbon, mounted on a button and designed for wear on the lapel of the coat. Sometimes the bow is in a horizontal position, sometimes vertical and sometimes slantwise, according to the position of the button. Because of these varying positions the badge is not a complete success as a beautiful, ornamental and durable decoration. On the button it is not stated that the emblem is an award of valor or a badge of honor. The only reading matter thereon is the imprint of the firm which has been given the monopoly of manufacturing the badges. Thus the emblem is declared to be an advertising card instead of a badge of honor. When the present bill came from the war department it proposed to permit the award of medals of honor for "other soldierlike qualities." This provision created a suspicion that it was intended to authorize the issuance of medals for desk work and other duty out of sight of the enemy. It was quickly changed so as to restrict the award of medals for "gallantry in action."
