Negroes Must Leave Reno.

RENO (Nev.), November 16—Antebellum times are about to be revived in Reno. From one end to the other the city is now divided as the result of a drastic order issued by Chief of Police Leeper to-night. The entire police force has been instructed to give the colored population of the city twenty-four hours in which to shake the dust of the riverside city from their feet and forever more make this place one of the stations to avoid in their journeys.

Already over one dozen negroes of the town have obeyed the command. The east and west-bound trains, both freight and passenger, to-night were laden with exiles leaving, as they said, to avoid complications and further fear of personal force on the part of a stern Caucasian population.

This forceful order is the result of a number of degradations committed by negroes in Reno during the past few weeks. George Burns was the first offender. He attempted to assault a white girl in town, and narrowly escaped lynching. He was finally found guilty and sentenced to fifteen years in the penitentiary.

Other minor events followed, but the culmination came last night when a negro attempted to assassinate Officer Acree. The negro escaped and now Chief Leeper is intent on getting rid of all the negroes in the city. Many of the church people think the order too drastic and un-American, but the greater portion of the citizens uphold the officer.

Wm. Harvey is Loser.

Wm. Harvey of this place is in receipt of a letter from his brother, Joe Harvey of San Francisco, stating that the store building at Tehama, belonging to Joe Harvey, and leased by Small & Son as a general merchandise store was broken into by robbers and the brick vault blown open. The robbers used picks to tear away the brick work so a man could crawl between the steel doors of the vault, where dynamite was used to blow open the inside door. The safe door was also blown open but the inside door would not open. The robbers tried to pry this door open but could only tear off a corner of the door and but little cash could be taken from the safe through the small aperture. About \$1000 mostly belonging to depositors was taken and \$500 worth of jewelry. Joe Harvey had \$800 in the safe that was not taken. Fifteen tin boxes containing jewelry and valuable papers were taken, one of which belonged to Wm. Harvey. This box contained about \$150 in cash, that Mr. Harvey's agent at Tehama, Mr. Smalls, had collected and placed in the box, a valuable gold watch and a number of valuable papers. Last reports the robbers had not been apprehended.

Quadruple Murder at Auburn.

At Auburn, California recently a most shocking crime was committed which, for a time was a deep mystery. A fine residency belonging to Julius Weber was seen to be in flames. The fire department rushed to the scene and seeing none of the family an attempt was made to rescue the inmates. Mrs. Weber, a grown daughter and a son 3 years old were taken from the burning house and were all dead. The mother and daughter were shot through the heart and the little boy had been beat to death with a blunt instrument. The father could not be found until the flames were extinguished, when his body was discovered on the spot where stood the bath room. He, too had been shot through the heart. But one of the family remained alive, and that was a son, whose peculiar actions provoked his arrest. It is almost certain now that the son committed the four murders and set fire to the house over the bodies to cover up his crime.—Later. He was found guilty by the coroner's jury.

A livery stable at Prineville burned recently and 8 horses were roasted in it. The loss was heavy. Gus Schroder and Elmer Lutz, who were returning from Shaniko with loads of freight had put up at the stable and had great difficulty in saving their loads. Some merchandise was damaged.

Maje Fine and W. Z. Moss expect to start for the lower country in about a week with a band of horses and mules. They will drive about a hundred head. Mr. Fine says he could have disposed of several mules on his last trip if he had taken them, so this trip he will drive 15 or 20 good ones.

Dick Kingsley started for Chico last Friday, where he expects to spend several weeks. He will also visit his old home in Pennsylvania before returning to his farm on the West Side, in the spring. Mr. Kingsley has not seen his home and relatives in the east for many years, and says he will make them a visit this winter while he can.

The M. E. Society at New Pine Creek will hereafter worship in C. C. Cannon's Hall which is being repaired, papered, with pews and ceiling painted. The ladies will have charge of the painting and papering. Mr. Cannon is making all other repairs at his own expense and giving the Society the use of the Hall free of cost, an act of kindness which both the pastor and people appreciated and accept with thanks.
