Great Southern for Crook.

Crook County has had another eye-opener. Promoters of the Great Southern, a railroad running out from The Dalles South, which is now graded 30 miles to Dufur, has given out that they have bought rails and will commence laying track shortly.

They intend their road to extend to Bend. The project is backed by Portland and Seattle capitalists. Mention was made of this road in The Examiner in September. The people of Crook county have given up all hope of the C-S, extending farther South than its present terminus at Shaniko.

Twenty years hence the boys of today will be men. They will be the doctors and drunkards, lawyers and liars, senators and sneaks, editors and idiots, ministers and murderers, democrats and republicans, and so on down the line. It is impossible to tell to a certainty in just what class your boy will be. It is possible for the boy to be put into such influences that will steer him in the right direction. Follow the boy of 12, and in 20 years some of them will be in congress while others will be in the penitentiary. Which class is your boy training for?—Exchange.

The Emperor Francis Joseph of Austria is a man of simple, frugal habits and a hard worker. He is an early riser, and for many years after ascending the throne he was up at 5 o'clock in the morning to begin his day's work after a breakfast of coffee and bread and butter. The amount of work he is able to get through is amazing. For recreation he goes to one of his shooting boxes for a few days wearing the Tyrolese costume and devoting himself entirely to the chase.

John Carney, a banker of Des Moines, is at the formation of a local municipal league there, the object being to watch the city council and all other governing bodies in the Iowa state capital. This movement is the outcome of a general belief that there is a good deal of "grafting" in the place.

Karl Blind, the noted German revolutionist, who has lived in England for many years, recently celebrated his 80th birthday. He was a leader in the revolution of 1848, for which he was condemned to death, afterward being reprieved. However, he served eight months' solitary confinement.

An extraordinary nickname has been given to King Petar of Servia. The name is "Peter Provjencant," meaning Peter the first crowned, a title which was assumed in 1195 by Stephen Uros, who was really entitled to be called the first Servian king to be crowned.

Princess Elizabeth Carolath, the beautiful woman to whom the late Prince Herbert Bismarck eloped in the early '70's, and whom he married by order of his father, is at present in Venice. She occupies a small palace, her income being rather limited.

The Empress of Germony's private wedding present to her relations always consists of a very plain traveling cloak, for she values among all other virtues that of punctuality.

The Weather Calendar.

The Chattanooga Medicine Co. the manufacturers of Wine of Cardui and Thedford's Black Draught have just issued the 1905 edition of their Cardui Weather Chart and Calendar. This Calendar with its 13 sheets 13 x 20 inches in size makes a bright ornament for the wall and is a useful acquisition in any home or office on account of its displayed weather predictions. The prominent numbers can be read across a large room as can the colored flags showing the weather conditions for each day.

We understand that a copy of this weather chart and calendar may be secured by sending 10 cents in stamps to the Chattanooga Medicine Company, Chattanooga, Tenn. Any of our readers who have not secured a copy of the Ladies' Birthday Almanac can get one by sending their address to "Ladies' Birthday Almanac" Chattanooga, Tenn. or by calling on their druggist.

H. W. Holden returned Sunday from a trip to Paisley, Lake county to buy horses for the D. I. & P. Co. He brought back five fine animals purchased near Paisley. He also brought in a ton and a half of most excellent apples, produced in the Paisley section chiefly on the ranch of Dr. Witham. This he found no difficulty in disposing of, the demand distinctly outrunning the supply. Mr. Holden says he left scarcely 700 pounds more of fruit in the Chewaucan valley.—Bend Bulletin.

Arthur and Lute Yates came down from Davis Creek last Friday evening. They are engaged in boring a deep well for John Briles of that place, and in some unaccountable way the drill became disengaged and dropped into the well. The boys are here for the purpose of making some kind of contrivance to fish the drill from the well.—Alturas New Era.

Keep your blood clean as you keep your body clean. You don't wait until your body is foul before you cleanse it.

It is a matter of surprise that many people who are so careful to have clean bodies make no effort to keep the blood clean. Everyone knows that uncleanness breeds disease; that those who do not keep their bodies in a wholesome condition and who dwell in filthy surroundings are the first to fall when some epidemic of disease sweeps the country. But foul blood is more dangerous to the individual than a foul body. An unclean body is rather a passive than an active hindrance to health. But unclean blood is an active threat against the very life—it makes the body a prepared breeding place for disease.

It is part of Nature's plan for human safety that in many cases where the blood is impure or corrupt she sets a sign on the body in proof of the corrupt current that is flowing through the veins. Scrofula with its disfiguring sores and scars, eczema with its irritation, salt-rheum, tetter, etc., pimples, boils, pimples and other eruptions are only the outward signs of the impurity of the blood. But often in the earlier or simpler stage of the blood's impurity there are no outward signs of this condition; only dull, sluggish feelings, which are commonly attributed solely to the sluggishness of the liver.

Of all preparations for purifying the blood Dr. Pierce's Golden Medical Discovery easily takes the first place. It eliminates from the blood the elements which clog and corrupt it, and which breed and feed disease; it acts directly on the blood-making glands, increasing their activity, and so increasing the supply of rich, pure blood which is the life of the body.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Medical Adviser, paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.
