**Business in Lan Offices.**

The annual report of Commissioner Richards, of the general land office, contains a series of elaborate tables showing the extent and character of business transacted at the various land offices during the past fiscal year. Among other things brought out by these tables is the remarkable decline in the number and extent of the timber entries made last year, as compared with the year previous. The falling off in the Pacific coast states is largely attributed to the enforcement of Secretary Hitchcock's order suspending timber and stone entries in Oregon, Washington and California. This order continued in effect up to December last, at which time it was set aside by the president.

It appears from the commissioner's report that the aggregate receipts from the disposal of public lands in Oregon during the 12 months which ended June 30, 1903, amounted to \$2,015,526.

The following table, taken from the report, shows the number of timber sales and the amounts received therefrom in the various districts in Oregon during the past fiscal year.

DISTRICT	No.	1903 RECEIPTS	No.	1904 RECEIPTS
Burns	18	4,122	20	\$ 6,388
La Grande	810	310,750	704	259,927
Lakeview	915	598,681	717	281,564
Oregon City	307	109,539	287	75,042
Roseburg	1,700	653,876	1,173	428,595
The Dalles	458	117,000	439	172,818
Totals		\$1,943,948		\$1,234,334

From the foregoing statement it is apparent that the Roseburg district is the scene of greatest activity among timber entrymen. During the past twelve months 171,457 acres of timber lands were purchased in that district, a much greater area than was bought elsewhere in the state. The nearest approach was in Lakeview, where 112,825 acres were purchased. La Grande was the third important district in point of timber business.

The total receipts from Oregon timber land sales alone show a falling off of \$329,694 in the one year, or more than 60 per cent of the total decline in gross receipts of the state for the year recently closed.

In the report returns are made of homesteads and all other forms of entries, showing not only the numbers of entries, but the acres involved. More actual homeseekers located in The Dalles district than elsewhere in the state. In that district alone there were 818 original and 222 final homestead entries recorded last year, embodying 126,625 and 71,057 acres respectively. Next in the stands the Roseburg district, with 708 original and 178 final homesteads, embracing 125,000 in all. The other districts show homesteads as follows: Burns, 195 original and 50 final, embracing 40,000 acres; La Grande 590 original and 169 final, embracing 114,000 acres; Lakeview, 149 original and

35 final, embracing 28,000 acres, and Oregon City, 487 original and 90 final, embracing 80,000 acres all told. In addition to these entries were large numbers of commuted homesteads, especially in The Dalles and Roseburg districts. From the commutation of homesteads alone the land offices received upwards of \$80,000 in fees and payments.

The following table shows, by districts, the total number of entries and sales in each district during the year 1904, the area of lands embraced thereby, and the total receipts of each land office, from all sources:

DISTRICT	No.	ACRES	RECEIPTS
Burns	367	61,634	\$ 23,020
La Grande	2,477	391,230	311,641
Lakeview	4,826	164,900	269,560
Oregon City	1,070	86,984	8,287
Roseburg	4,704	268,825	148,231
The Dalles	2,721	250,267	231,422

Do you remember the little things that gave us so much pleasure when we were young? With what zest did we sit down to the table after our play was over and eat the mush and milk our mother put before us. But as we get older it takes more to give us pleasure. Mush and milk no longer tastes good to us, and our digestion may be impaired. The best advice we can give to such a person is to tone up the stomach with Dr. Pierce's Golden Medical Discovery. It is nature's most valuable and health-giving agent—made without the use of alcohol. It contains roots, herbs and barks, and is the concentration of nature's vitality as found in the fields and woods. This remedy has a history which speaks well for it because it was given to the public by Dr. K. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., nearly forty years ago, and has since been sold by druggists in ever increasing quantities. Some medicines, tonics or compounds, enjoy a large sale for a few years, then disappear from the public attention, but Dr. Pierce's Golden Medical Discovery has proved such a reliable blood remedy and tonic that it often enjoys the confidence of several generations in a family, and its increased sales year by year coming from the recommendations of those who have tried it, prove its lasting merit so that every bottle bears the stamp of public approval. Every other blood-maker and tonic for the stomach that we know of contains alcohol, but Dr. Pierce guarantees that no alcohol is contained in his "Medical Discovery."
