From the Portland papers we see that Representative Steiner paid the metropolis a visit a few days ago.

We have some valuable land for sale cheap. It must be sold, and can be had at a figure that makes it a good investment. Write the Examiner.

The most complete job stock off of the railroad is to be found at The Examiner office. First-class work always, at reasonable prices.

An interesting attraction for women at the Lewis and Clark Exposition will be the display of the latest frocks from Paris in the French section of the Manufacturers Building.

The fact that several parties were in this section last week looking for this steers to feed has the appearance to us of meaning that cattle are improving in price. Some parties in this neighborhood received better prices for their feeders than they did for the same aged cattle last fall as beef.—New Era.

The predatory Corporations used to tell Mr. Cleveland. "You have no law that can be enforced against us." Now that they find Mr. Roosevelt is enforcing the laws we have, and is demanding more laws of the same nature, but broader, the corporations say, "you have the best and most effective statutes that could be made on these subject. They are amply sufficient.

Representative Smith of Baker county has introduced a bill to amend the Eddy Corporation tax law, providing that mining Corporations not paying expenses, shall be relieved from taxation. Why any property having commercial value should pay taxes, we are unable to see. It would be quite easy for corporations to pay large salaries to officers, and create other fictitious expenses, showing such properties not to be paying expenses, when yielding quite an income. This bill should become law.

A residence for sale cheap.—One acre of ground, house, barn and out-buildings; has city water, and is a desirable place to live. Enquire at The Examiner office.

The President has issued an order directing that laborers in the departments doing the work of classified employes, shall be treated as classified laborers, and that they may be promoted to more honorable positions under civil service rules. Thus our noble chief continues to "open the door of opportunity" to the worthy.

It may be a surprise to many readers to discover that Texas has more miles of railroad than any other State. You will be interested too, no doubt, to find that the city of Galveston exports more than Boston, Baltimore, or Philadelphia. Galveston's outward bound freights are exceeded by only two other cities in the Country.—New York and New Orleans.

A feature of the Treasury department exhibit in the Government building at the Lewis and Clark Exposition will be a mint in full operation where souvenir medals will be turned out every day instead of gold and silver coins. Alongside of the mint exhibit will be the Bureau of Engraving and Printing, which not only prints all the paper currency of the country, but prints its postage and revenue stamps as well.

The Examiner has an 8-acre tract of land for sale at a bargain; the land lies in a body in the northern part of Lakeview, and is now set to clover and timothy, and yields 20 tons of hay a year, leaving a valuable pasture. The hay sells at the top price in Lakeview. The tract is a desirable one, either to retain in one piece or to cut up into lots for residences. Anyone desiring to build a home in Lakeview will do well to investigate this proposition.

Oregon spent \$49,000 in making exhibits at the St. Louis Fair. This seems a moderate sum to pay for a creditable display of the resources and achievements of our great state. Much of this exhibit is now arriving in Portland for further service in our own Lewis and Clark Exposition. Everything points to success of this grand enterprise, which must add millions to Oregon's wealth.
