

### Praises Klamath.

The cloud of lethargy that apparently overhangs Lake county is the one most important feature of the county's development, our people's reluctance to properly advertise the natural resources of the county should not darken our prospects for early development any longer. Every where we look; on all sides, people are advertising their county in every imaginable way. Following is what Mr. Holabird told the people of Klamath Falls last week:

"This is an attractive place to live. You have a way to make this a permanent promotion club. Where you have one family and one citizen now you will have ten in a few years.

"I never tasted better bread anywhere than I have in Klamath Falls. I'd rather have 20 acres of apples in Klamath county with a railroad in here than the best orange grove in Southern California.

"The best crop you will have in this country is the tourist crop. If you have good roads and other attractions for them you will have 20,000 tourists in here and they will spend not less than \$10 a day. Your tourist crop will bring more money into Klamath county than your entire wheat, hay stock and potatoe products, provided you thoroughly advertise your natural advantages."

—W. H. Holabird.

Mr. Parkhurst has instituted a campaign against the gambling houses in New York which he is prosecuting with vigor. Gamblers are crossing the ferries into New Jersey in crowds and police officers are trembling in anticipation of losing their stars if nothing worse befalls them. This habit the cities have of taking a spasm every few years over gambling and Sunday drinking, striking furiously at conditions their officials openly connived at, and even derived large additions to the public reserves from a clandestine way, is disgusting. Why not be pure or impure.

### Will He Sell?

Mr. Hawkins of the Klamath Canal Company is in Washington trying to influence members of Congress from Oregon and California, to withdraw their support from measures designed to remove obstacles in the way of irrigation work by the government in the Klamath basin.

To this proposition a deaf ear has been turned, each member expressing his determination to do everything in his power to advance this enterprise by the government.

Mr. Hawkins is, however, informed that, if his company will name a price for its vested rights that the government could deem reasonable, there is no doubt of its prompt acceptance.

### On the Desert.

W. W. Brown the wellknown stockman of Wagontire region has secured several good reservoir sites, and considerable valuable land in that locality and is intending to store water on the desert in the spring for both stock and irrigation purposes.

Mr. Brown expects to plant alfalfa, and we expect him to succeed in this enterprise, as he has in other undertakings.

John H. Hall, United States Attorney for Oregon, created quite a sensation in Court at the trial of Fred Sorenson for attempting to belie Hall, by giving testimony before the trial jury materially different from his statement made to the grand jury.

### Deafness Cannot be Cured

by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tubes. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the mucous motion can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### If You are not Particular

don't travel over the Illinois Central, as any old road will do you and we don't want your patronage; but if you are particular and want the best and mean to have it, ask the ticket agent to route you via the ILLINOIS CENTRAL, the road that runs through solid vestibule trains between St. Paul, Omaha, Chicago, St. Louis, Memphis, and New Orleans. No additional charge is made for a seat in our reclining chair cars which are fitted with lavatories and smoking rooms, and have a porter in attendance.

Rates via the ILLINOIS CENTRAL are the lowest and we will be glad to quote them in connection with any transcontinental line.
