

Have You Decided

Where to place your next order for your season's necessities? Some stores may quote you ridiculously low prices on inferior goods to attract you to their store. Others may offer you sugar and salt at a loss and charge you from two hundred to five hundred per cent. profit on other goods to make up their losses on the sugar and salt.

If you have money to burn and can afford to buy your necessities at such places, you are at liberty to do so.

HERE AT MY STORE, business is conducted on different lines—I have but One Cash Price to all. I aim to make a fair and legitimate profit on all sales. I offer no baits and solicit the trade of Cash Buyers who are on the lookout for Honest Values.

When you buy here "you always get your money's worth," or "Money Back," if you are not satisfied.

Satisfied Customers make a business grow, and I am constantly striving to attain these effects.
