LAKEVIEW, OREGON, MARCH 23, 1905.

The President Will Relieve Himself.

The United States Senate refused to give attention to the President's recommendation that the Commission on the subject of the proposed change of the date of the election of the President be held. This committee was the only one of that body of that date.

Again Shows Himself Great.

The President has again shown how wisely the people trusted him by the appointment of a democrat to the office of United States District Attorney in the Northern district of Georgia, preferring a competent democrat, known to the President to be honest, to a man of his own party whose recommendation was party loyalty.

In commenting upon this incident a Georgia paper says: "Mr. Roosevelt is rapidly establishing himself in the minds of Southern people as a man of great strength, and of conscience as well."

A despatch from Hood River, printed elsewhere, shows that a railroad will have its direct line, and make quite a long detour, to reach a community engaged in expensive production of apples. Lake county people who have homes on western lands, which, if irrigated, would produce abundant crops of apples of the very best quality, and of the highest commercial value, should take note of the fact that plenty of good apple farms attract railroads.

The President and his cabinet have agreed upon the general policy of retaining men in office who have proven efficient, irrespective of the length of service of the incumbents. New members of congress will find some difficulty, under this rule, in turning opponents out, to reward friends.

And Hunt - The President passes on the case, charged with guilty knowledge of the fact that soldiers in the city were kept awake at night, and with receiving pay from soldiers' owners for counting their punishment for violating the law.

As the bill appropriating money for improvement at the mouth of the Columbia finally became a law, it carried a \$400,000 cash appropriation and authorized the use of \$300,000 more, which will be forthcoming at the next session of Congress.

The Russian naval fleet which disgraced itself in the North Sea incident, is now believed to be retreating to safety in the Baltic from which it started, and daring to assault any thing more formidable than a harmless lot of fishing boats.

The grand jury at Cynthiana, Kansas, has returned two hundred indictments against the Standard Oil Company, and the state is making things generally quite hot for the octopus.

Five thousand workmen employed by the the railroads in New York city are on strike.

Results From Advertising.
Hood River, Ore.—Homeseekers from the East are arriving here on every train. A man and his wife and eight children arrived this morning from North Dakota to make Hood River their home. Another large family arrived the day before from Minnesota. The effect of advertising matter distributed by the Hood River Commercial Club in the Middle West is being felt in hundreds of inquiries that have come from people who expect to come West this summer.

Another Dash for North Pole.

The new ship, Charles H. Daring will be launched on March 30th. This vessel, built under the eye of Commander Robert E. Peary, has been constructed with special reference to fitness for service in arctic seas. It is believed by Mr. Peary to be built upon a plan that will enable it to pass safely through situations where other forms of vessels would be caught and held by outward pressure, and perhaps wrecked. The vessel is oval in form.

Senator Bate Dead.

United States Senator, William B. Bate of Tennessee, is dead in Washington. He caught cold at the inauguration pneumonia developed and he, at the age of 74, fell a quick victim.

Senator Bate, like Cockrell of Missouri, was a man of sound judgment, quietly, though immovable conscientious.

The crown of womanhood is motherhood. But uneasy lies the head that wears the crown or anticipates this coronation, when there is a lack of womanly strength to bear the burdens of maternal dignity and duty. The reason why so many women sink under the strain of motherhood is because they are unprepared.
