Dan Malloy and Geo. Harrow went out to the Malloy corrals one day last week where the Malloy sheep were being sheared. They say the sheep are all fat enough for mutton. While Malloy and Harrow were looking at the sheep, John Odom, the herder, remarked that he would have them fat by July. You know how John is; the sheep are hog-fat now, and he knew it.

Mr. Barker has given good service and attended strictly to business, and it is to be regretted that he is compelled to give up the line. He may be retained as manager.

Mrs. Geo. M. Jones, who is here from Paisley visiting her daughter, Mrs. W. B. Snider, made this office a pleasant call Tuesday and subscribed for The Examiner to be sent to her daughter, Mrs. J. H. Harris of Corvallis. We thank Mrs. Jones very much for the favor. She has been one of our best customers; while we run the Chewaucan Post Mrs. Jones paid from four to six subscriptions all the time, to be sent to her friends. If more people of Lake county were imbued with the same public spirit, this county would be better advertised throughout the United States than it is.
