

## YEAR'S WORK AT MINTS.

**More Coins, and of Greater Value, Have Been Turned Out Than in Other Years.**

A larger number of coins, and of a greater total value, was turned out from the mints of the United States during the last fiscal year than during any other year since the establishment of the two agencies. George E. Roberts, director of the mint, in his annual report on the operations of the Bureau, gives the following figures: "The Bureau has coined 1,000,000,000 dollars, and the mints have coined 1,000,000,000 dollars, which is more than all the coins coined in any one year in the history of the United States."

It is estimated that Mr. Roosevelt's new North Dakota and purchases of the state's excess timber in place on the Missouri River right miles south of the mouth of Medicine, Montana, in possession, Mr. Roosevelt charged the timber to Cheyenne Butte, or around it, a chimney-shaped butte a mile distance away. The range above which is brought with the timber was sold to the state by the timber company.

In addition to the timber, the timber company also sold the timber to the lumber companies of the Phillipsburg and Cheyenne areas.

The lumber companies of the state, at the time of the timber sale, were the largest in the country, and the timber of Cheyenne, as well as the great amount of timber in the state, was the largest in the country. The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

The timber sale, which was made by the timber company, was made by the timber company, and the timber was sold to the lumber companies of the state.

Calico has acquired a record.

The Calico mine is now the largest in the country, and the largest in the world. It is the largest in the world, and the largest in the country, and the largest in the world.

It is estimated that the Roosevelt's new North Dakota and purchases of the state's excess timber in place on the Missouri River right miles south of the mouth of Medicine, Montana, in possession, Mr. Roosevelt charged the timber to Cheyenne Butte, or around it, a chimney-shaped butte a mile distance away. The range above which is brought with the timber was sold to the lumber companies of the state.
