

Lake County Examiner

VOL. XXVI. LAKEVIEW, LAKE COUNTY, OREGON, THURSDAY, JULY 6, 1905. NO. 27.

ALTURAS WINS CAPITAL PRIZE.

Game Was the Best Ever Played in Lakeview Neither Side Having More Than One Ahead at any Time.

The ball games commenced Sunday July 3d. The first game was played between the Indian team from Bidwell and Lakeview in the forenoon. A large crowd was present to watch the contest. The game started off good, the Indians went to the bat first and Freeberg delivered the ball in such shape that the red skins were unable to touch it. One, two, three and out. Lakeview made one in the first. Following is the score: Bidwell -0-0-0-0-0-2-4-1-0-7 Lakeview-1-0-5-3-0-1-2-0-12 In the afternoon Silver Lake and Pine Creek crossed bats, with the result that Pine Creek was badly beaten in a score of 20 to 5. Following is the score: Pine Creek-2-0-1-0-0-1-0-0-5 Silver Lake-7-0-1-0-0-1-0-0-20

the latter winning in a score of 8 to 14. The score stood as follows: Bidwell -0-0-0-0-0-0-0-0-8 Silver Lake -0-0-0-0-0-0-0-0-14 In the afternoon Alturas and Lakeview crossed bats. The game was the most interesting one played so far, and an immense crowd was on the ground to watch the contest. Alturas played good from the start with Dag Banister in the box. Freeberg pitched for Lakeview. First inning, Alturas to the bat, made two, and Lakeview nothing. Alturas tallied one in the second and Lakeview two. In the third Alturas handed in three and Lakeview two. It was seen then that the game was going to be close and both sides got down to business. Goose eggs were handed out equal to both sides, but Alturas won in a 6 to 7 game. Following is the score by innings: Alturas -0-0-0-0-0-0-0-0-7 Lakeview -0-0-0-0-0-0-0-0-1

SILVER LAKE.
A. B. Schrader, C. Bilyew, S. M. Bailey, F. Robertson, C. Lee, W. S. Wing, Ed. Carroll, Frank Sellers, Ed. Parks, Sam Wardwell.
PINE CREEK.
J. W. Gibbins, O. Smith, Wm. Knight, W. Clark, Leo. Mulkey, I. Smith, J. Broili, H. Cook, L. Vernon.
ALTURAS
Ed Blake, Farley Auble, Jas. Negler, Bugs Warner, Forest De Gevire, Geo. Bigley, Warner Clark, Al Banister, Harry McGrath.
BIDWELL.
All students of the Bidwell, California, Indian School, July 3-
FIRST GAME
Bidwell played against Silver Lake on the morning of the Second day.

Here was two teams made up of the best players in California and Oregon. Gowan and Stephenson played with Alturas, Stephenson caught and Gowan played first base. Freeberg played with Silver Lake. The game was a close one all the way through, and up to the last inning it looked like victory for Silver Lake, but in the last Alturas made two runs putting them four against three. The score by innings follows: Alturas -0-0-0-2-0-0-0-0-2-4 Silver Lake-0-1-0-0-0-2-0-0-0-3 To day, July 6th, the first game in the morning will be between Pine Creek and Alturas and in the Afternoon between Lakeview and Silver Lake.

The Paisley Ball Tournament.
The result of the base ball tournament at Paisley last week a sort of surprise to some. It was hardly expected that the Lakeview and Paisley teams would be so badly beaten by the Silver Lakers. There were three teams tried for honors, Silver lake, Lakeview and Paisley. There was a big crowd at Paisley to witness the games, mostly from the northern part of the county. There were not as many went from Lakeview as was thought would go, but it is said the attendance was good from up county. The first game played was between Silver Lake and Paisley, which resulted in victory for the northern town by a score of 17 to 4. The next game was between Lakeview and Silver Lake, which also resulted in victory for Silver Lake;

this time by a score of ten to nothing. This decided who should have first money, a purse of \$80. Paisley and Lakeview were then to play for second money, a \$50 purse, with the result that Paisley was defeated in a score of 12 to 3. The game was a good one, resulting in a tie in the 9th inning, but when another inning had to be played to decide the game Paisley fell down and Lakeview run in 9 men. The scores by innings follows:
FIRST GAME.
Silver Lake-0-0-3-1-4-1-3-5-0-17 Paisley -0-0-0-0-1-0-0-0-0-4
SECOND GAME.
Lakeview -0-0-0-0-0-0-0-0-0-0-0 Silver Lake-1-3-0-0-3-0-3-0-0-10
THIRD GAME.
Lakeview-0-0-1-1-0-0-0-1-0-9-12 Paisley -0-0-0-1-0-0-0-2-0-0-3

HART WINS GREAT FISTIC BATTLE.

The big championship fight which took place in Reno on July 3d, between Marvin Hart and Jack Root, has made a new world's heavy-weight champion prizefighter. Marvin Hart won the fight in the eleventh round. Below we show the two pugillists in their favorite attitude.

Marvin Hart, champion prizefighter.

Jack Root, defeated in the 11th round.

Running From Forest Reserve.

Perry McDaniel came over from Lake City last week, where he has had his sheep for some time. Mr. McDaniel says the forest reserve has driven him out of Modoc county, and will drive many more sheepmen out. He advises the people of Lake county to bitterly oppose the creation of a forest reserve here, as it will force from 60 to 75 per cent of the sheep out of the county and will also reduce the number of cattle materially. Mr. McDaniel may be one of these "transient" sheepmen that we hear about, but he pays taxes on his sheep, and the county that can furnish the range will get the taxes. There are likely to be many more "Transient" sheepmen wherever a forest reserve is created.

More Settlers Coming.

Mr. Geo. Hammersley and Mr. King, who are here from Roseburg, are looking over the country for lands suitable for farming. A party of 15 people will be here in a couple of weeks, or as soon as these gentlemen secure suitable locations for them, who want to go on farms, others are coming to secure timber lands. These men have made a pretty thorough search over the state and say this county affords better opportunities for homebuilders than any section they have visited, and that the land is more reasonable in price than anywhere in The whole West.

GRANDEST CELEBRATION EVER.

Judge Benson Says it is Unsurpassed In Any Inland Town on the Pacific Coast Everything Was a Success.

The celebration of the Fourth of July in Lakeview this year was one that will always be remembered as the best ever held in the town. It was apparent that more interest was taken than at any previous occasion. The floats were handsomely gotten up and were many. The firing of anvils at Sun rise wakened the people of Lakeview to the realization of the fact that the Nation's birthday was to be celebrated. The music by the Lakeview Brass band was no small feature of the day's entertainment. The parade was a long one and consisted of the Liberty wagon with the Goddess of Liberty, Angel of Peace and 45 little girls representing the United States; The Brass Band; and the float of the various Merchants, boys and girls on bicycles, and the "young Americans" carrying flags.

The celebration of the Fourth of July in an inland town on the Pacific Coast. "I am proud of you, as I have always been," he repeated. He referred touchingly to the old soldiers, and sent the memories of his listeners flying back over the 129 years of history of our Nation, the greatest on earth, and naturally to the bloody battle field where brave men laid down and died that the country become a nation such as it is. "Why not revere the flag of the United States?" he said, "and let the eagle scream. Patriotism is not dying out, only in the hearts of those who forget themselves." The Judge's remarks were to the point, enlightening and only too brief. Many were the remarks that never was a better oration delivered to the people in Lakeview.

The celebration of the Fourth of July in Lakeview this year was one that will always be remembered as the best ever held in the town. It was apparent that more interest was taken than at any previous occasion. The floats were handsomely gotten up and were many. The firing of anvils at Sun rise wakened the people of Lakeview to the realization of the fact that the Nation's birthday was to be celebrated. The music by the Lakeview Brass band was no small feature of the day's entertainment. The parade was a long one and consisted of the Liberty wagon with the Goddess of Liberty, Angel of Peace and 45 little girls representing the United States; The Brass Band; and the float of the various Merchants, boys and girls on bicycles, and the "young Americans" carrying flags.

The celebration of the Fourth of July in an inland town on the Pacific Coast. "I am proud of you, as I have always been," he repeated. He referred touchingly to the old soldiers, and sent the memories of his listeners flying back over the 129 years of history of our Nation, the greatest on earth, and naturally to the bloody battle field where brave men laid down and died that the country become a nation such as it is. "Why not revere the flag of the United States?" he said, "and let the eagle scream. Patriotism is not dying out, only in the hearts of those who forget themselves." The Judge's remarks were to the point, enlightening and only too brief. Many were the remarks that never was a better oration delivered to the people in Lakeview.

In the beginning he said he was proud of the people of Lakeview and Lake county. He said he had never, in all his life, seen better arrangements for the celebration of the Fourth of July had never seen a better turn out on such, or any other, occasion, a more enthusiastic people, and in fact a more complete celebration.

The band played "Hail" and other familiar and appropriate airs. The exercises in the afternoon met the expectations of all, and were enjoyed by the largest crowd ever seen in Lakeview. The grand ball at night was a success as was other features and an immense crowd attended. The supper was elaborate.

Engineers Will Come.

While S. G. Bennett, the supervising engineer of the Reclamation service for the district covering the water shed of the Sacramento river, was in Lake county last week, he assured us that the projects in this part of the county were favorable to irrigation. He could not make public his report, or state what it would be, but from his general conversation it was apparent that he believed the government would send engineers and surveyors here to make surveys and determine positively whether or not the schemes were feasible, and that so far as his investigations went the projects were very favorable.

He was also astonished at the adaptability of fruit to this climate, and its keeping qualities. It is the belief here that when Mr. Bennett left he went away with the impression that it is only a matter of the sufficiency of water that makes any question of government irrigation in the Drews creek and Cottonwood sections. It is also believed that there is plenty of water, and this will be one of the cheapest irrigation projects in the West for the number of acres of land covered.

An Editors' Reunion.

One might think that an Editor's reunion was being held in Lakeview to note the visiting editor R. L. Sloss of the Alturas, modoc County, California, New Era, S. M. Bailey of the Crook County, Oregon, Journal, L. N. Kelsay of the Silver Lake, Lake County, Oregon, Oregonian, are all with us this week. Lakeview may expect either a good write-up or a good roast, when these quillpushers get home, according to how they are impressed with us. We hope the boys can go home with a warm spot in their hearts for Lakeview.

He found an excellent reservoir site on Cottonwood, and believes the waters of Thomas Creek could be diverted to the Cottonwood reservoir. The capacity of the reservoir is sufficient for both streams, and as there is only a low ridge separating the two streams in one place, where the distance is not so great as to make it expensive to bring the two streams together, it is more than likely that if the government takes hold of the project one large reservoir will be made to answer the purpose of storage of the surplus waters of both Cottonwood and Thomas creeks. The soil he says is very rich and

Secretary of State Hay Dead.

Secretary of State John Hay died at Newberg, N. H., on the morning of July first, at 12:25. His demise was sudden and a surprise to those who were watching the course of his illness.

He found an excellent reservoir site on Cottonwood, and believes the waters of Thomas Creek could be diverted to the Cottonwood reservoir. The capacity of the reservoir is sufficient for both streams, and as there is only a low ridge separating the two streams in one place, where the distance is not so great as to make it expensive to bring the two streams together, it is more than likely that if the government takes hold of the project one large reservoir will be made to answer the purpose of storage of the surplus waters of both Cottonwood and Thomas creeks.
