The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Our Offer.

With the June number will begin The Pacific Monthly's series of special editions for the year 1905. They will comprise a number for Portland, for Seattle, for Southern California, for San Francisco and the souvenir number of the Lewis and Clark Expedition, also a special automobile number. The articles of Dr. Wolf von Schierbrand, six in number on "The Coming Supremacy of the Pacific" are also promised, and the plans contemplated by the publishers will, without question, place The Pacific Monthly far in advance, not only of present competitors, but also into the unreachably class of periodical literature on the Pacific Coast. The Pacific Monthly is sold to regular subscribers at the extremely low price of \$1 a year. We have made an arrangement with the publishers by which we are able to offer it in connection with The Lake County Examiner, (both Publications), to new subscribers, and old ones who pay up any back subscription they may owe and a year in advance, for the very low price of \$2.50 a year. 1f

An Editor's Opinion of the Royal Gorge.

Edyth Taylor Weatherford, in describing a recent trip over the Denver & Rio Grande Railroad, says in "The Exposition":
"At last the goal of the ambition of years has been reached—marvellous, wonderful, grand and inspiring Royal Gorge is on either hand. The only disappointing thing is you only have one pair of eyes, while the train darts in and out of the tremendous chasm. If any who have never seen it are wondering how it looks just go and see. Thousands have tried to describe it, yet every attempt falls short of giving the subject justice."
If you contemplate a trip East, write W. C. McBride, 124 Third street Portland, Oregon, for booklets picturing Colorado's famous scenery, and any other information you may desire. 3-1f

The Hicks Almanac for 1906.

The Rev. Irl R. Hicks Almanac will not be published for 1906, but his monthly Journal, Word and Works, has been changed into a large and costly Magazine, and it will contain his storm and weather forecasts and other astronomical features complete. The November number, now ready, contains the forecasts from January to June, 1906. The January number, ready December 20th, will contain the forecasts from July to December, 1906. The price of this splendid Magazine is one dollar a year. See it and you will have it. The November and January numbers containing the Rev. Irl R. Hicks forecasts for the whole year, and more complete than ever, can be had by sending at once 25 cents to Word and Works Publishing Company, 2201 Locust Street, St. Louis, Mo. 1f

NOVEL TREE MOVING

A Great Story in Moving on Rollers.

A beautiful specimen of the American elm tree, valued by Mr. Ahlstrom, was moved from its location. To move it far where a street was to be cut through it became necessary to cut down the tree or to raise it sixty feet toward the east. It was decided to move it, the work being carefully laid out by Mr. Kloknor, and six men accomplished it in two days. In spite of the sandy loam which constituted the ball it arrived at its destination in perfect shape. This was due largely

MOVING A BIG TREE ON ROLLERS.

ly to the unusual amount of fibrous roots which were kept constantly moist during the journey. The foliage never showed any ill effects from the moving. Rollers were put under the ball, and the tree was carried along as easily as moving a house. "The people who lived near the tree were indignant at our work," said Mr. Kloknor, "but their hot was met, and we did the smoking. The tree today is as beautiful as ever. The cost of the moving was \$34."—Gardening.

Strawberry Culture.

Fourteen years' experience in strawberry culture shows the best plan is to follow nature as nearly as possible and keep a firm soil underneath the strawberry, writes a New Jersey farmer in Rural New Yorker. It requires a firm soil to grow in and do its best. Avoid the rank, heavy growth that covers the berries to mold and rot on the plant before they are ripe. When care is not taken a good profitable sort keep in low, same field or beds year after year by building up after fruiting. In this way you can keep the soil underneath firm and grow large and successful crops each season from the same beds without plowing or resetting plants and at very little expense.

Raising Chleory.

A light and moderately rich soil is recommended for chleory. The seed is sown in drills twelve inches apart and one inch deep. They are thinned to from six to nine inches and hoed frequently through the summer. In England it is found that chleory may be produced in winter in mushroom houses or in boxes under greenhouse benches where a temperature of 60 degrees can be had. In some localities in France caves or cellars are much used for forcing chleory.—American Cultivator.

FRUIT AND FLOWER NOTES

Bush fruits may be set in the fall. Strawberries are planted in September.

Sow flower seeds now for winter bloom in windows or conservatory. Wet lands are not fit for orchards, and especially if set to fruit trees it should not be done in the fall.

Hard wooded cuttings of deutzia may be taken in the fall and treated in the same manner as currant cuttings.

As there is usually fine weather after the first frosts many plants and flowers may be kept presentable for such weather by protecting them on nights when the cold is likely to nip them.

Man's Unreasonableness.

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Lee Beall, druggist, price 50c.
